MONEY KING SAYS HE GAVE $180,000.

J. P. Morgan Contributed That Sum to Last Two Republican Funds

APPEARS AT CAMPAIGN PROBE

Great Financier Declares He Was Offered Nothing in Return for His Contributions—Roosevelt Testifies Today.

Washington, Oct. 3.—J. Pierpont Morgan told the Senate campaign contributions committee today that while he had contributed $180,000 to the last two Republican Presidential campaign funds, the gifts were made "without expectation of return."

After saying he had contributed $150,000 to the fund of 1904 and $30,000 to the fund of 1908, Mr. Morgan turned to the committee and exclaimed, earnestly:

"I want it distinctly understood that J. P. Morgan & Company never made a single subscription to any election, with any promise, or expectation or anything or return in any way, shape or form, and we never made it without we deemed it advantageous for the government and the people. We never had a communication from any candidate. We never had an application from any candidate for money, and anything that we did, or that was done under my suggestion—and we were all in harmony—was that it was necessary for the good of the country and the business of the people. There was never a comment of any expectation of any return, and we never got any return, either, from anybody."

This statement followed a series of questions by Senator Pomerene as to whether the New York financiers had conferred and ascertained the attiude of various candidates toward business before making contributions. Mr. Morgan repeatedly denied that there was any "concerted action" among the New York business interests in support of the Republican candidate in 1904.

Mr. Morgan said that after making his original contribution of $100,000 in 1904, he was importuned to give another $50,000, which he did. This he said, he understood was part of the so-called Harriman fund and was turned over to B. B. Odell, Jr., for use by the New York State Committee.

Charles H. Duell, assistant treasurer of the 1904 fund, who followed Mr. Morgan on the stand, said that all of the accounts of the committee were open to Mr. Cortelyou, the chairman.

Col. Roosevelt will be the principal witness before the committee tomorrow. He will be questioned as to his knoweldge of contributions by corporations to the 1904 fund and particularly as to the so-called Standard Oil contribution of $100,000, which he has said he ordered returned. The colonel will also be asked as to the financing of the pre-convention campaign of his nomination this year.

Mr. Morgan was a willing witness before the committee. He found difficulty in hearing the questions while seated in the formal witness chair mounted on a small platform, and he moved down to the table across from the committee, took a stenographer's chair, and answered the queries propounded in a chatty, intimate way. At times he chuckled gleefully, as when he told the committee that "there was no limit" to the amount the Republican Campaign Committee in 1904 was willing to accept.

Mr. Morgan took his heckling by the committee in a holiday spirit, and laughed heartily, and in leaving, he told Chairman Clapp that he "guessed" his expenses and witness fees "would be all right."

The financier, after leaving the committee room, accompanied by his daughter, Mrs. Hamilton and his son-in-law, H. L. Satterlee, "disappeared" for several hours. A special train, made up before noon to take him to New York in a hurry, was held up, and the railroad officials made a vain search for their prospective passenger. He reappeared some time after 4 o'clock, with the announcement that he had seized the opportunity to visit his favorite oculist, and left immediately for New York.

LARRY DOYLE SPIKED

Giants' Captain Slightly Injured—Team Shows Better Form

New York, October 3.—Larry Doyle was spiked in the Giants' game with Brooklyn today and followers of the National League champions were on the anxious seat at once in fear the injury might be serious enough to keep the dashing captain of the Giants out of the world series. It was soon learned, however, that the spiking was a slight affair and that Doyle would not be incapacitated.

Manager McGraw had his regular line-up on the field today and the team with colt pitchers in the box, except at the finish, won the game from Brooklyn. The Giants showed better form today than in most of their games this week, playing a steady game, but as a whole did little at the bat against Rucker. Murray and Herzog, however, showed effectively with the stick.

Nominated in New York

Syracuse, N. Y., Oct. 3.—With Congressman William Sulzer, of New York, named for Governor and Martin H. Glynn, of Albany, chosen for Lieutenant Governor, the delegates to the Democratic State Convention met today and selected the remainder of the State ticket as follows:

Secretary of State, Mitchell May; Attorney General, Thomas Carmody, re-nominated; State Comptroller, William Sohmer, re-nominated; State Engineer and Surveyor, John A. Benzel, re-nominated; State Treasurer, John J. Kennedy, re-nominated.

Associate Judges of the Court of Appeals, John W. Hogan, of Onondaga, and W. H. Cuddeback, of Erie.

The convention then adjourned.

FIGHTING BEGINS IN BALKANS

Numerous Engagements Take Place on Bulgarian Frontier—Nazim Pasha Commands Turks. Ultimatum Expected.

London, Oct. 3.—Hostilities between the Balkan States and Turkey have begun, according to reports from many quarters tonight. A dispatch to the Russian government says that the Bulgarians are crossing the frontier.

Military action has thus outstripped slower-footed diplomacy, for no ultimatum has yet been presented to Turkey and in Constantinople none is expected until Monday. The Porte, however, has sent an official notification to the powers, which reads:

"In view of the manifestly aggressive attitude of the Balkan States, Turkey reserves to itself full liberty to action, convinced that the civilized world will not fail to do justice to its moderate attitude. But this cannot exclude care for safeguarding its dignity and security as well as its rights." This, it would seem, is the Porte's way of preparing the world for the failure of the powers to stave off hostilities. No official confirmation of the rupture of peace is to be had, but skirmishes are reported to have occurred in the neighborhood of Djumbala, also at Jamboli, Bulgarian territory in the Albanian vilayet of Scutari, along the Montenegrin frontier and near Baschkyranya on the Servian border.

Turkey has appointed the war minister, Nazim Pasha, to supreme commissioner. Roumania has not yet mobilized and, it is said, wil take no action for a few days.

Negotiations by the great powers in favor of peace are being carried on, the most important conferences at present being held at Paris. It is reported that Austria will receive Europe's mandate to take the needful steps to localize the war.

All dispatches from the near East are subjected to heavy delay and censorship.

Constantinople, Oct. 3.—The War Minister Nazim Pasha has been appointed supreme commander of the Turkish forces.

Reliable information reached here this evening that the Balkan ultimatum, demanding autonomy for Macedonia, would be delivered Monday. In view of the gravity of the crisis the government contemplates adding to the cabinet two or three members without portfolio.

Persistent rumors are current that hostilities have commenced on the Bulgarian frontier north of Kirk-Kilisseg, but the Porte declares it is without news on this subject. Bulgarian excesses against the Turks are reported from Varna, Aidos, Burghas and other places. Thirty Turks have been killed and many injured, according to this report, and several villages looted, bombs being employed in some cases.

The Austrian ambassador, Marquis de Palla Vicini, had a conference during the course of the day with the grand vizier and the foreign minister.

The Samian leader, Sofulis, late advices say, has proclaimed a Republic in the island of Samos with himself as President.

Powers Discuss Situation.

Paris, Oct. 3.—The governments of France and Russia are in complete accord on all subjects relating to the Balkan situation. The programme

TRAINMEN GET TEN PER CENT ADVANCE

Controversy With Southeastern Railways Is Settled by Mediation

WHAT THE AGREEMENT MEANS

Rules and Working Conditions Remain Unchanged—13,000 Men Affected —Operating Expenses Increased $1,300,000

Washington, Oct. 3.—A settlement of the protracted wage and working conditions controversy between the Southeastern railways and their employes was reached late today. The men by the agreement signed, will receive an average advance in wages of approximately 10 per cent.

The rules and working conditions on each of the roads remain substantially unchanged. Approximately 13,000 employes, including 3,000 negroes, are affected. They are conductors, brakemen, baggage men, flagmen and yardmen. Track men and shop men are not involved. The agreement means to the roads an increase in fixed charges for operating expenses of approximately $1,300,000 a year. As an offset to this, assurance is given that there will be no strike of the men and that the working conditions now agreed upon are fairly satisfactory to the operatives and to the railroads. After several weeks of futile effort it was decided that the controversy should be referred to the mediators designated by the Erdman Act—Presiding Judge Martin A. Knapp, of the Commerce Court, and Dr. Charles P. Neill, Commissioner of Labor. For 10 days the mediators have conferred daily with both sides, wrestling with one of the most obstinate controversies in the history of such negotiations. For more than a week it appeared impossible for the mediators to bring the opposing sides to anything approaching an agreement.

Finally a day or two ago, what substantially amounted to an ultimatum was made, looking to a settlement of the controversy on the basis reached by the officials of the Chesapeake & Ohio, Norfolk and Western and Virginian railways with their men at Norfolk. This ray of light was followed and the agreement signed today provides practically, that all the employes of the roads involved shall receive the same increases as were provided for in the Norfolk settlement, except in those cases where the present wags equal or excel the Norfolk basis.

For the operatives the agreement was signed by President Garrelson, of the Railway Conductors, and Vice President Fitzpatrick, of the Railway Trainmen; for the railroads, by Horace Baker, general manager of the Cincinnati, New Orleans & Texas Pacific Railway, chairman of the general managers committee. The railroads were represented in the conference by the general manager of each line and the men by Mr. Garrelson and Mr. Fitzpatrick and a joint committee of nearly 200 others.

The roads involved in the controversy were the Atlantic Coast Line, Alabama Great Southern, Alabama and Vicksburg, Central of Georgia, Cincinnati, New Orleans & Texas Pacific, Georgia Southern & Florida, Mobile & Ohio, Northern Alabama, New Orleans & Northeastern, New Orleans, Mobile & Chicago, Seaboard Air Line, Southern Railway, Southern Railway in Mississippi, Tennessee Central, Vicksburg, Shreveport & Pacific and Virginia & Southwestern.

FLEET COMING SOUTH

Second Division Will Visit South Atlantic Ports

Washington, Oct. 3.—The Atlantic fleet will cruise in South Atlantic waters after the New York review October 12th to 15th. After necessary repairs and steaming tests at Newport, the flagship and the first, third and fourth divisions of the fleet will leave Hampton Roads, November 15th for Charleston, S. C., remaining there a week, beginning November 17th, returning to Hampton Roads.

The second division will continue to the Gulf of Mexico, making the following visits:

Pensacola, November 22nd to 26th; New Orleans, November 27th to December 4th; Galveston, December 6th to 10th. From Galveston the division will return to Norfolk. About December 15th all of the divisions will return to their home yards for their Christmas holidays.

FEWER AVIATORS.

Number of Excessive Loans is Reduced 40 Per Cent.

Washington, Oct. 3.—The Comptroller of the Currency announced today that the newly compiled statistics of excessive loans shows that the number of banks violating the law in this was reduced 40 per cent.—from 877 to 526—between the calls of June 14th and September 4th, and that the violators were evenly distributed throughout the United States.

In the South, where it has been claimed excessive loans were unavoidable because of the Summer and Fall movement of the cotton crop, the proportion of excessive loans to the number of banks is announced to be less than in the Central and Northern States where they are made largely to corporations and business firms.

T. R. INCOMPETENT, SAYS GOV. WILSON

And President Taft Failed to Alter His Predecessor's Policies

ADMINISTRATIONS ATTACKED

Wilson Goes After Both Opponents for First Time—Speaks at Conservation Congress—Extended Reception.

Indianapolis, Ind., Oct. 3.—For the first time during the National campaign, Governor Woodrow Wilson tonight directed an extended attack on the administrations of President Taft and former President Roosevelt. The Governor charged that Col. Roosevelt as President had been found "incompetent". Mr. Taft, he said, had on the other hand, failed to alter the policies inaugurated under Roosevelt's administration, when trusts and monopolies grew upon a scale never before dreamed of."

In the picturesque illumination of a baseball park the Governor saw spread before him tonight for several hundred feet in the bleachers and on the field an immense throng.

The Governor launched immediately into his attack on his two opponents. It was the first time he mentioned them by name at any length.

"What I want to call your attention to," said the Governor, "is that the new third party has not drawn to itself the full strength, or even all of the principal leaders of the insurgent Republicans, because this circumstance appeals to every man who thinks the present situation over; the very things that we are protesting against, the very conditions that we are trying to alter, are conditions which were created under the two leaders of the two branches of the present Republican party, because it is true that these conditions were just as much created under Mr. Roosevelt as they have been created under Mr. Taft.

"There was a growth during his administration of the great monopolies, which we call trusts, upon a scale never before dreamed of and upon a greater scale than has been characteristic of the administration of his successor.

Wilson Speaks on Conservation.

Indianapolis, Ind., Oct. 3.—Governor Woodrow Wilson in addressing the National Conservation Congress here today preached a doctrine of conservation of human life in lieu of an expected discourse on the conservation of natural resources.

"The more widely we view the field of obligation," he said, "the more clearly it wil appear to us that our duty is only done in respect to the laying of the foundations when we have conserved the natural resources of America, for these natural resources are of no consequence unless there is a free and virile people to use them."

The Governor expressed his "profound sympathy with the whole work" of the National Conservation Congress and his "particular sympathy with that part which affects the conservation of the vital energy of the people of the United States."

The Presidential nominee declared that only now the United States was

OUTLINES

The controversy between the Southeastern railroads and their trainmen in regard to wages and working conditions was settled yesterday by mediation, the employes of the railways getting an average advance of 10 per cent.

Aviator Charles F. Walsh fell 2,000 feet in a Curtis biplane at Trenton, N. J., yesterday and was instantly killed.

J. P. Morgan, appearing yesterday before the Senate Committee investigating campaign contributions, testified that he had contributed $180,000 to the last two Republican campaign funds.

Gov. Wilson addressed the Conservation Congress at Indianapolis yesterday and spoke last night to a large Democratic meeting. He will make several speeches in Indiana today.

At least eight persons were killed and many injured yesterday when the Springfield express on the N. Y., N. H. & H. Railroad was ditched near Westport, Conn.

The jury in the dynamite conspiracy trial at Indianapolis was completed yesterday, and the government began the presentation of its case against the 46 defendants.

Hostilities were begun in the Balkans yesterday, several minor engagements taking place on the Bulgarian frontier. The coalition States will present their ultimatum to Turkey Monday.

Gov. Wilson made an extended attack on the administrations of Roosevelt and Taft last night.

Star Witness in Campaign Contribution Probe.

"DYNAMITE" JURY COMPLETED

Men Selected Who Will Pass on Cases of Alleged "Conspirators." Judge Rules to Admit Important Evidence.

Indianapolis, Ind., Oct. 3.—Not only evidence of the alleged illegal interState shipment of dynamite and nitroglycerine, but also evidence as to what was done with the explosives, will be admitted at the trial of the 46 men accused of complicity in the "dynamite plots."

Federal Judge Albert B. Anderson, so ruled today. His decision thus opening to the prosecution the right to show a motive by going into the details of many explosions, including that which wrecked the Los Angeles Times building, October 1, 1910, followed the impaneling of a jury by District Attorney Charles W. Miller. Addressing the jury and pointing his finger at Frank M. Ryan, and the 45 other men seated three deep across the court room, Mr. Miller declared that the trial had begun of the instigators of the "most far-reaching conspiracy in the history of this country, in which during more than five years property of incalculable value had been destroyed and many, many lives had been lost."

Eight farmers, two retired farmers, one grocer and one grain dealer, all residing in country towns or rural districts in Indiana, compose the jury. All of the jurors swore they had no prejudice against labor unions or against corporations which maintained "open shops."

Judge Anderson ordered the jurors to be kept under guard until their verdict is rendered.

It had taken just 13 hours to secure the jury. District Attorney Miller, opening, said the government would prove that the defendants, all of whom are former or present officials of labor unions, entered into a conspiracy to blow up the "jobs" of employers of non-union labor.

"We will show that dynamite and nitro-glycerine were carried from a place in one State to a place in another State on passenger trains on which thousands of men, women and children were traveling," said Mr. Miller. "We will show that James B. McNamara and John J. McNamara, who are now in prison in California, one of them for murder, and Ortie E. McManigal, who has pleaded guilty, were active in this dynamiting business and that all the present defendants are guilty with them."

Senator J. W. Kern, counsel for the defense, objected to the reference to one of the McNamaras being sentenced for murder. Judge Anderson overruled the objection.

Mr. Miller read the names of the defendants and described their relation with labor unions. The government's statement contained a full history of the cases and named Boston, New York, Jersey City, Hoboken, Albany, Buffalo, Cincinnati, Cleveland, Chicago, Milwaukee, Omaha, Kansas City, Mo.; Salt Lake City, Utah; Los Angeles and San Francisco as among the cities where the defendants met to carry on a conspiracy.

Long extracts from letters, already made public in the indictments were read to the jury, alleging that Ryan wrote to union officials in Clinton, Ia.; Cincinnati, Omaha, New York and Boston about paying money for explosions there and that all the present defendants are "linked together in guilt by an extensive correspondence."

He detailed 50 instances giving names of the railroads and numbers of trains on which he said explosives were illegally carried. The presentation of the government's case had not been completed when court adjourned until tomorrow.

SEVERAL KILLED IN WRECK

At Least Eight Persons Lose Lives When N. Y., N. H. & H. Express Is Ditched at Westport, Conn. Four Pullmans Burned

Westport, Conn., Oct. 3.—Seven persons, five of them women, were killed late today when the Springfield Express, second section, running from Hartford to New York, over the New York, New Haven & Hartford Railroad, was wrecked west of this station.

The engine, driven at high speed, failed to take a cross-over from one track to another. The train went into the ditch alongside the tracks, and the four Pullmans which followed the mail and baggage cars were completely demolished. The wreckage took fire, adding to the horror of the scene. The women killed were passengers in the first Pullman coach, which had to bear the brunt of the shock. The other dead are the engine crew.

Anthony N. Brady, the well known traction man of Albany and New York City, suffered a terrible affliction by the wreck, his daughter and daughter-in-law being among those killed.

The women of the Brady family, with a party of friends had attended the funeral of Patrick Garvan at Hartford this afternoon. He recently died abroad and many friends from New York and elsewhere went to Hartford earlier in the day by special train to attend the funeral.

After the express had been wrecked great fear was entertained that the special car had been attached to this second section at Harford. It was not until a late hour that it was definitely determined that the members of the funeral party separated at Hartford and James C. Brady and some relatives took the Springfield Express. As the first section had only day coaches, the second section was taken. It was not until W. F. Brady, another son of Anthony N. Brady, had gone to the little undertaker's room here to which the bodies had been removed that those of Mrs. Brady and Mrs. Gavit and Miss Hamilton were definitely identified.

The dead are Mrs. E. P. Gavit, daughter of Anthony N. Brady, of Albany, N. Y.; Mrs. James C. Brady, daughter-in-law of Mr. Brady; Mrs. C. S. Ransom, sister of Mrs. James C. Brady; Engineer Clark and Fireman Moker. The other two bodies have not been identified.

Westport, Conn., Oct. 3.—At least eight persons were killed late today when the engine of the second section of the Springfield express, bound from Boston to New York, failed to take a cross-over and nearly the entire train was ditched near the Westport-Saugatuck station on the New York, New Haven & Hartford Railroad. Four parlor cars, heaped up in a mass of wreckage, immediately burst into flames, which probably imprisoned and killed some passengers. The exact number of fatalities in the wreck is not known and may not be determined for hours.

The identified dead are:
G. L. Clark, engineer.
J. J. Moker, fireman.
Mrs. James Brady, of Albany, N. Y.
Two children of Mrs. Brady.
There are also three unidentified

ONE-THIRD IN SIGHT BALANCE IS EASY

Over Three Thousand of $10,000 for Wilson Campaign Fund

TEAMS BEGIN WORK TODAY

Wilmington to "Make Good" on Campaign Proposition — Canvass Starts Under Most Favorable Auspices

Three cheers and a Tiger!

With the canvass not yet opened, Wilmington contributions to the Woodrow Wilson campaign fund have already reached nearly one-third of the high standard of ten thousand dollars, set at the meeting of the Committee of One Hundred on Wednesday night, and by the end of the week unless all signs fail one-half of the amount will be in hand.

The total thus far should be an inspiration for the ten teams of ten men each who will begin this morning a systematic canvass of the city and the generous people of Wilmington are confidently expected to enter into the patriotism of the movement with their old-time vigor. It is Wilmington's first opportunity of contributing to the election of a former Wilmingtonian for the highest office in the gift of the people, even if there were no other and greater considerations, and it is safe to say that they are going to be equalled by no other city in this or several other States.

The contributions last night had reached the princely sum of $3,056.50 and the start had hardly been made. The $10,000 set as the mark of Wilmington's appreciation of a Democratic President will be met and met speedily. One hundred men have undertaken the task and under the capable leadership of each team, there is no such word as FAIL. The amounts will be acknowledged in the public press from day to day and later the acknowledgments will be made in all the other leading papers of the State. With the ties which bind Wilmington to Woodrow Wilson, it would be an everlasting tarnish upon the fair name of the city, should some other city or community outstrip the people of the lower Cape Fear's manifestation of the measure of its support to the People's Candidate and virtually one of its own sons.

The people of Wilmington in this campaign for subscriptions are on trial and the verdict will be registered in the daily contributions to this fund. A few Wilmingtonians have responded and responded nobly. There are many others who will do likewise. Here is the roll of honor as it appeared at the 'close of business" last night:

James Sprunt	$1,000.00
Hugh MacRae	1,000.00
Wm. H. Sprunt	500.00
C. N. Evans	300.00
W. M. Cumming	10.00
George Honnet	10.00
W. A. McGirt	10.00
Jos. W. Little	10.00
M. F. H. Gouverneur	10.00
Jos. W. Yates	10.00
Jas. Laurence Sprunt	10.00
	$2,870.00
Previously published subscriptions	$126.50
Through Wilmington Star	50.00
Total subscriptions from Wilmington to date	$3,046.50

The contributions through the Wilmington Star include subscriptions of $10 from Mr. William Gilchrist, Mr. C. W. Yates, of Wilmington, and Mr. J. P. Council, of Wananish. Five dollars of the remainder represents half of the proceeds of the sale of the song of Mrs. W. P. Toon, of this city, "Our President," which shows that the ladies are none the less interested in the election of Woodrow Wilson. In this connection Chairman W. A. McGirt announces that a committee of ladies will be later appointed to work in co-operation with the committees of ten which will begin the canvass today.

The committees named yesterday by Chairman McGirt with their respective chairmen, are given below. The chairmen are requested to at once organize their committees and start work today. Mr. L. D. Latta, of Winter, Park, has been put in charge of the county canvass and a committee to assist him will be named today. The general list of committees as appointed by the chairman, is as follows:

L. W. Moore, chairman; M. S. Willard, Thomas H. Wright, A. O. Schuster, Joseph Thompson, James Stevenson, James H. Cowan, James Owen Reilly, S. M. Boatwright, W. R. Dosher.

Charles C. Loughlin, chairman; B. O. Stone, Walter Sprunt, Thomas E. Cooper, W. D. McMillan, Jr., Woodus Kellum, B. F. King, Jr., Walter G. Hatch, R. A. Biddle, W. P. Stacy.

Col. Walker Taylor, chairman; W. H. Sprunt, C. N. Evans, J. A. Taylor, H. C. McQueen, J. V. Grainger, P. Pearsall, W. B. Cooper, Louis E. Hall, C. E. Taylor, Jr., R. A. Brand.

J. Laurence Sprunt, chairman; John R. Murchison, Jos. F. Post, C. W. Polvogt, F. W. Dick, W. N. Harriss, J.

DAVIDSON VS. CAROLINA.

Big Preparations Being Made for Saturday's Game at Charlotte.

(Special Star Correspondence.)

Davidson, N. C., Oct. 3.—Big preparations are being made for the Davidson-Carolina game Saturday in Charlotte. Manager DuBose, of Davidson, and a corps of assistants spent Monday in Charlotte advertising the game. The city is being decorated in Davidson and Carolina colors and the attendance is expected to be the largest that ever attended a football game in that city. Davidson is going to attend in a body, going on a special train, and the followers of the Red and Black will be there with the goods. Carolina is also expected to be well represented. Quite a number have already expressed their purpose to come and there is no doubt that the Blue and White will be quite conspicuous on the side lines.

One of the big features of the game will be the cheering of these schools. Davidson is preparing to back her team by the same old spirit that has always been one of her characteristics. It is certain that the Carolina boys will not be outdone and can be counted on.

The "Presbyterian College" and Elizabeth College girls will also be on hand to cheer their favorite.

The Davidson team this year has very few old men back, but Coach Cook and Capt. Graham are working hard to fill these vacancies. Carolina has been working very hard to get her team in condition under coach and captain.

Although it is early in the season and it cannot be definitely seen what each team has, it is expected to be a hard fought game from start to finish. For three successive games these teams played 0 to 0 scores. Year before last Davidson defeated Carolina 5 to 0. Last year Carolina won 6 to 0. Thus it will be seen that this year's game will be hard fought, as it might be termed the "rubber."

Davidson has a heavy schedule this year with some of the best teams of the State and South. It is as follows:

October 5—Davidson vs. Carolina at Charlotte.
October 12—Open.
October 19—Open.
October 22—N. C. A. & M. at Charlotte.
November 2—Washington & Lee at Lexington, Va.
November 9—Open.
November 16—Open.
November 23—Stetson at Deland, Fla.
November 28—Wake Forest at Charlotte.

THE RAND HAZING

Father Will Employ Counsel—Republicans to Fuse—Judge Boyd

(Special Star Correspondence.)

Greensboro, N. C., Oct. 3.—It is stated here that Mr. O. R. Rand, of Smithfield, father of "Billy" Rand, the boy killed in a hazing episode at Chapel Hill this year, in carrying out his public utterance that he demanded "justice for his boy's death," has employed Mr. Justice and Mr. Broadhurst, of Greensboro, to assist Solicitor Gattis in the prosecution of the four Sophomores accused of being responsible for young Rand's taking off. The trial is to begin in Orange county before Judge Whedbee Monday, October 14th.

There are indications that the Republicans and Progressives are making some headway toward getting together on at least a part of their State tisket. This is more pronounced today by reason of the fact that the Republican campaign committee, in whom was vested the power to name Republican candidates for the two places on the Supreme Court bench, united upon the Progressive nominees, Judge W. S. O'B. Robinson, of Wayne, and Hon. T. T. Hicks, of Henderson. It is understood here that these two nominees of the Bull Moose party have agreed to run as "fused" candidates. Some of the Republicans and Progressives, who desire a fusion of the two parties, see in this action a beginning of "real fusion" on the State ticket, but others do not feel that any great progress will be made, especially so since Iredell Meares, Progressive candidate for Governor, has declared that he will run to the counting of the ballots.

By consent of counsel Judge Boyd has ordered that further hearing be held at a date to be agreed upon in the case of N. Glenn Williams and Dart C. Foster against Collector Brown, and which involves the sale of some 28,000 gallons of liquor now held by the government which belongs to Williams and Foster. Judge Boyd also ordered that the restraining order heretofore granted against Collector Brown selling the liquor remain in full force and effect.

The Masonic and Eastern Star home, located almost at the city limits of Greensboro, is now complete at a cost of approximately $25,000 and the home will be formally dedicated with interesting exercises October 14. Hon. Francis D. Winston will be the orator of the occasion.

Philadelphia, Oct. 3.—Boston hit hard here today and won from Philadelphia. Wood, who pitched eight innings, settled down after the third inning, when Baker bounced the ball through the score board for a home run with two on bases. Only three hits and no passes were secured off Wood after the third. Mathewson and Marquard, of the New York Nationals, witnessed the game.

BETTING FAVORS BOSTON

Odds of 10 to 7 Placed on Red Sox for World's Series

New York, Oct. 3.—Authentic information as to the extent of betting on the approaching world championship ball games is impossible. It is known, however, that many Boston supporters have given New York enthusiasts odds as good as 10 to 7 on wagers that the Red Sox will defeat the Giants in the series.

Such odds, however, are an exception rather than a rule. Most wagers are even, with some New York enthusiasts undoubtedly giving odds to Boston men. Both clubs are finishing their league races with practically the same percentage of winning games. Detailed comparisons of individual work and team play show little advantage one way or another. The facts and the uncertainty which naturally surrounds a contest between two teams which have not been matched before, all lead to an evening up of the betting business.

Tendency of the Boston "fans" to indulge in the greater odds may be traced to confidence in Joe Wood's pitching, Speaker's and Gardner's batting and all-round team work. Also perhaps to the fact that during the latter half of the season the Giants showed a great falling off from their earlier play.

Almost everyone known in baseball has volunteered to pick the winners. Beginning with the opposing managers themselves. Jake Stahl says that he believes he will beat the Giants, and John J. McGraw says he expects to turn the trick, expecting much of his new pitcher Tesreau.

Connie Mack, who knows the Giants well from having led the Philadelphia Athletics against them to victory in the world championship last year, is certain that the Giants are doomed again. He is quoted as calling the Boston club the best balanced organization he has seen in 20 years. But Mack is an American League man.

Frank Chance and his Chicago Cubs were beaten by the Giants for the National League pennant, and the Chicago manager thinks that a sufficient guarantee that they will beat Boston. A parallel of similar guesses might be continued almost indefinitely with about equal showing of support.

FRANK CHANCE SELLS STOCK.

Disposes of Interest in Chicago Club. Retains Managership.

Chicago, Oct. 3.—Frank L. Chance, manager of the Chicago National baseball club, today announced he had sold his stock in the Cubs to Harry Ackerland, of Pittsburg. Chance refused to name the price, but declared he did not lose any money. Chance denied that he intended to sever his connection with the Cubs.

"I expect to stay right here and manage the team," he said. "I'm still manager of the Cubs and I have satisfactory reasons for believing that I am to be retained in that position."

WORLD'S RACING RECORD.

New Mark for Five Heats Set at the Columbus Track.

Columbus, O., Oct. 3.—Evelyn W., the champion pacer of the year, met Earl Jr., today on the Columbus track in a race that brought a new world's record for the five heats. Each of the contestants did a mile in 1:01 1-2. The former five heat record was made by Minor Heir and The Eel at Terre Haute in 1909.

Independence Boy, 2:01 1-2, broke his left hind ankle in the first heat and will be out for the rest of the year, and may never again race. The Eel, of the free-for-all set, died here.

AVIATOR FALLS 2,000 FEET

Charles F. Walsh Killed at the Inter-State Fair Grounds While Making a Spiral Descent in His Curtis Biplane.

Trenton, N. J., Oct. 3.—With 50,000 persons watching him at the Inter-State Fair grounds this afternoon, Charles F. Walsh, while making a spiral descent in a Curtis biplane, fell 2,000 feet to instant death, about a quarter of a mile outside of the fair grounds. When physicians reached him Walsh was dead and his machine was a complete wreck. Practically every bone in his body was broken and his face and body were badly cut.

Walsh had been giving exhibitions at the fair all week, and this year, for the first time, was doing fancy stunts in the air with his machine. He was very high today, probably 5,000 feet, as he began his descent. He was making the spiral descent with the front of the machine pointed almost downward when the upper plane seemed to become loose. Walsh could plainly be seen struggling to regain his balance, but without avail. The machine then made a rapid descent to the earth and the large number of spectators realized that Walsh had lost control of the machine and that death was imminent.

The accident had a depressing effect upon the audience at the fair grounds and within a few minutes nearly half of those began an exodus towards the gates. Walsh's body was brought to a morgue in this city and Secretary Margerum, of the fair association, gave orders for the abandonment of other flights, scheduled for the day.

Walsh was 25 years of age and a native of San Diego, Cal. His wife and two children are visiting at Hammondsport, N. J., where they intended remaining while he was flying in the East. Walsh learned to fly with Lincoln Beachy.

MARSHALL ATTACKS TEDDY.

Democratic Candidate Declares Full Moose is Menace.

Norwich, Conn., Oct. 3.—The attitude of Col. Roosevelt "is that of a man without whom civilization cannot longer survive," declared Governor Marshall, of Indiana, here tonight in a speech devoted almost wholly to an attack upon the Progressive Presidential candidate. "If he should break a leg or lose his voice, would that 'damned crook', Judge Anderson, be compelled to appoint a receiver for our liberties?" continued the Democratic nominee for Vice President. "It is time for sober consideration when the ambition of one man would lead us. If he is essential now can we ever get along without him? I should be in despair if I thought the sober judgment of the people would choose him for permanent President of the United States. I do not so believe. This American Chanticleer will find that the sun has arisen on November 5th next, without his crowing. Yet it is well for us to be on our guard. Sapping is more dangerous than assault. There is no dissenting voice in all history to the never-ending warning against the ambitions of popular men. Thrice Caecar thrust away the crown, each time more gently than the last. He thrust it away because it was consecutively tendered him.

"A word to the wise American should be sufficient. If you can't get along without Roosevelt now, when can you? He says it will take 40 years to accomplish his work. If he does not live that long, who is to complete it for him? Some one he has trained to succeed him? He trained Taft to succeed him, and Taft has failed. If Roosevelt is essential to the Republic, it is lost unless reincarnation is true; and if reincarnation is true, his is the spirit of Caesar or Napoleon.

"Mr. Roosevelt went into the Chicago convention admitting that certain delegates were honestly elected. He went in as a Republican to eliminate the delgates declared by him to have been dishonestly elected; a majority of the delegates, in fact, practically all the delegates, adopted the platform. It must have been satisfactory to Roosevelt and his supporters as they did not oppose it. If Roosevelt were contending for principles, why did he not fight the platform and then, if defeated, bolt? Instead, he bolted a man.

"It will be a sorry day for America when anyone becomes essential to its onward progress. Heaven has been kind to me in limiting my influence. It would be a distinct ill if anyone should deem me essential to good government or if I should deem myself essential. Times, customs, governments, civilization may change, but the menace of life is the man who thinks he is essential to society."

"Less Butter—More Cottolene in Your Kitchen"

THE cost of living has increased so that today one's income goes only about half as far as it did 15 years ago. Under such circumstances it is surely up to every housewife to count the cost of food pretty carefully.

Butter is one of the big items on every monthly expense account. We use too much butter, and butter is sky high most of the time.

Let us tell you the solution to the problem. Butter is a necessary on the table; it is an extravagance in the kitchen.

Cottolene will give you just as good or better results than butter in cooking, at half the cost. It makes deliciously dry, crisp food, without the suggestion of grease.

Food cooked with *Cottolene* digests more easily than either butter- or lard-cooked food.

Add to these the fact that *Cottolene* will go one-third farther than butter or lard, and you are without a possible excuse for at least giving *Cottolene* a trial.

We assure you it will make good and save you money.

Try this recipe

STEAMED CHOCOLATE PUDDING

Place 3 tablespoons of *Cottolene* in a bowl with ⅔ of a cup of sugar and 1 egg and beat all together thoroughly. Add 1 cup of milk and pour the mixture gradually into 2 cups of flour which have been sifted twice with a teaspoon each of salt and cinnamon and 2½ teaspoons of baking powder. Blend well and then stir in 2 small squares of chocolate which has been melted over hot water. Pour into greased mold and steam for one hour and a half. Serve with sauce or sweetened whipped cream.

MR. SIMMONS IN ROBESON

Two Big Meetings Yesterday and Last Night In Lumberton and Maxton —Given Great Reception at Both Places

(By Long Distance Telephone.)

Maxton, N. C., Oct. 3.—United States Senator F. M. Simmons spoke here tonight to an audience of 600 or 700 people. Quite a number from adjoining towns and not a few ladies were present. From the moment Mr. Simmons entered the building, when the whole audience rose to greet him, until the conclusion of his speech of about two hours, he had the intense interest and hearty sympathy of his audience.

The meeting was called to order by Major A. J. McKinnon and Col. E. F. MacRae, presiding, spoke of the Senator's strenuous work of the last few days, of his speech this afternoon in Lumberton and bespoke for him a most courteous hearing in Maxton. He said that after hearing the Lumberton speech, he would have been ashamed to be a Democrat and not a Simmons Democrat.

Dr. J. D. Croom, Sr., in a few enthusiastic words, introduced Mr. Simmons. The Senator's speech was strong, direct, with no evading of issues and no blackmailing. Repeatedly he reviewed his record in the Senate and his career in public life in North Carolina. The applause frequently forced him to stop speaking for the time. His plea for Locke Craig, for the State Democratic ticket, and for Woodrow Wilson was enthusiastically received and applauded. The entire evening was a triumph for Simmons and his candidacy for the United States Senate.

At Lumberton

Lumberton, N. C., Oct. 3.—Senator F. M. Simmons spoke here this afternoon, beginning at 1:30 o'clock. The Court House was full to overflowing, many people being forced to stand. The speech was pronounced a great effort, not only by followers of the Senator, but by friends of the other candidates. Senator Simmons spoke for two hours and 20 minutes, but did not mention the names of his opponents. He emphasized the facts that he stood upon his record and had no apologies to make. If there were those present who expected to hear any abuse or anything of that kind they were greatly disappointed as the speech was clean and free of criticism throughout. The Senator's remarks were received with frequent and great outbursts of applause, and there is little doubt that many votes were made, as several were heard to declare their change of heart. Mr. Frank Gough, president of the Simmons club, introduced Col. E. F. MacRae, who presided over the meeting. Col. MacRae presented Prof. Sentelle, who introduced Senator Simmons amid much applause. The Rowland band furnished music for the occasion. A goodly number of ladies were present, and they seemed to thoroughly enjoy the Senator's speech. Senator Simmons left on the evening train for Maxton, where he spoke tonight.

ARRESTS IN GOLDSBORO

Sailors From Cutter and Young Girl Wanted Here

Goldsboro, N. C., Oct. 3.—Two telegrams to the Goldsboro chief of police, which came in quick succession last night about 9 o'clock, created quite a stir in police circles. The first read, "Arrest and hold Harry Miller and B. F. Murry, both white, for desertion. Miller 21 years, dark eyes and hair, tattoo on arm, blue suit. Murry, 22 years, 5 feet, 7 inches, blue eyes, brown hair, three horse heads tattooed on breast, wore light cap, one leather suit case. Signed John John J. Fowler, chief of police, Wilmington, N. C."

The second message, which came a few minutes later, read, "Arrest and hold Ruth Willoughby, white girl, 15 years, dark complexion, supposed to be with two deserters, wanted by parents. Signed, John J. Fowler, chief."

Chief of Police Denmark, accompanied by police Dan Harriss, went to the union station and when the Atlantic Coast Line train from Wilmington arrived at 9:45, searched the train and found all three parties, placing them under arrest. The two men were at once locked up to await an officer from Wilmington who will come for them. The girl was turned over to her grandfather who lives at this place, and he will keep her at his home until her father comes for her. Abe Franklin, who lives in the eastern part of the city is the grandfather, and he was at the train when it arrived as he had been notified that his granddaughter had run away from her home at Wilmington and was expected to be on this train with these men, which was very fortunate for the young girl as it saved her the embarrassment of being held at the police station. She is quite a pretty girl, and is the daughter of Henry Willoughby, of Wilmington, N. C. Miller and Murry are deserters from the U. S. revenue cutter Seminole, and in addition to the charge of desertion, will no doubt have to face the charge of abduction when they are carried back to Wilmington.

SULLIVAN CASE TO JURY.

Convict Admits Killing Guard—Did Not Intend to Kill.

Danville, Va., Oct. 3.—The case of the Commonwealth against Convict Roy Sullivan, on trial in Pittsylvania Circuit Court, charged with the murder of Guard John C. Howard, was given to the jury today, but a verdict will not be announced, if reached, before court convenes tomorrow. The features of the day's proceedings was the testimony of Sullivan in his own behalf. He admitted offering a negro $300 to procure and conceal the gun at the rock pile, and confessed to shooting Howard, but claimed he only intended to wound him sufficiently to make his escape, and did not intend to kill. The case was argued at some length.

KINSTON TAKES ACTION.

Wants Its Sunday Mail—Universalists Meet—Other Notes.

(Special Star Correspondence.)

Kinston, N. C., Oct. 3.—The Chamber of Commerce of this city has requested Postmaster James F. Parrott to take the matter of Sunday mails in this city up with the Postoffice Department at Washington, and procure, if possible, a modification whereby mail can be delivered through lock boxes on the Sabbath as formerly. It is thought that this course will result in a "dispensation" which will enable the postmaster here to treat the mail proposition pretty must as before the recent prohibitive act was passed. This is being done now in a large number of instances, and it is believed that the situation will be relieved by the coming Sunday.

Dr. A. L. Hyatt, Kinston's city physician, has returned from attending the International Congress of Hygiene in Washington, D. C. Dr. Hyatt says there were present at the meeting over 12,000 representatives, from every country in the world. The work of the congress, he says, will be far-reaching in its effects, and the crusade for better health conditions is doing more to demonstrate the natural brotherhood of man than all other agencies combined. He thinks that it will be within the lifetime of the young people of the present when the physical condition and welfare of the humblest persons wil be a subject of care to the communities in which they live. Dr. Hyatt says that his visit to the great conference left him a strong believer that the world is growing better and wiser.

In a statement to parents of school children today, Superintendent Underwood stated that there was an epidemic of truancy among the smaller boys in the city schools. Conditions are alarming, the superintendent said. The official called upon the parents to aid in remedying the condition, which has come about through well-defined rules for "playing hookey" by which the children fooled the patrons of the schools.

The Democratic campaign in Greene county will be opened on the 9th, when Attorney General T. W. Bickett speaks in the court house in Snow Hill. Several other orators of note will follow Mr. Bickett in the succeeding three weeks.

The State convention of the Universalist church convened at Woodingtn, seven miles from Kinston, this morning at 10 o'clock. Seventy-five delegates are in attendance, and all of the pastors of the faith in the State. There are but four of these, Rev. Willard O. Bodell, of Kinston; Rev. LeRoy J. Everton, of Clinton; Rev. Frederick T. Nelson, of Rocky Mount, and Rev. Eliza Curtis Everton, of Clinton, who supplies in the absence of station ministers. Mrs. Everton is the wife of the preacher at Clinton. These four ministers have charge of the 15 churches in North Carolina, all of which, except one in Durham and one near Asheville, are each of Raleigh. The strongest church of the denomination in the State is at Red Hill, a rural community near Clinton, which has 180 members, and the next strongest in point of membership is at Woodington, in Lenoir county, with 100 members. Not a single pastor in the State is a native of North Carolina, Mr. and Mrs. Everton coming from Illinois; Rev. Bodell from Ohio, and Rev. Nelson from Maine. The delegates to the convention came yesterday and last night by way of Kinston. Mrs. Theresa A. Williams, president of the National missionary association of the church, is a figure of interest at the sessions. L. L. Matthews, superintendent of schools for Sampson county, is a prominent layman present. The convention comes to an end Sunday night.

MAXTON NEWS NOTES.

Senator Simmons to Speak—Marriage Announcement—Other Items.

(Special Star Correspondence.)

Maxton, N. C., Oct. 2.—Mr. and Mrs. William E. Utley, the "elopers" of last Thursday afternoon, have returned and at present are stopping at the Maple Shade Inn.——Hon. T. W. Bickett was a guest in the city this morning on his way to a speaking appointment.

Invitations reading as follows have been issued: "Mr. John Calvin Everett requests the honor of your presence at the marriage of his daughter, Virginia, to Mr. Henry Harrison Schmoele on the afternoon of Tuesday, the fifteenth of October, nineteen hundred and twelve, at quarter of six, Presbyterian church, Maxton, North Carolina. At home after November first, 709 Riverside Avenue, Portsmouth, Va."

Extensive arrangements are being made for the reception and entertainment of Hon. F. M. Simmons, who speaks here tomorrow night in the graded school auditorium. The Senator is quite popular here and has a very large and enthusiastic following. It is quite sure that he will be greeted by a packed house.

WOULD FOUND HOSPITAL.

Mr. D. L. Gore Makes Generous Offer to Town of Rockingham.

Rockingham, N. C., Oct. 2.—D. L. Gore, of Wilmington, who is largely interested in mill and bank stocks in Rockingham and in sandhill lands in Richmond county, has written Mayor W. N. Everett offering to give the town $12,500 toward the building of a modern hospital. The conditions attached to the gift are that the town of Rockingham shall furnish a desirable lot for the location of the $25,000 building, shall raise $12,500 in cash and shall guarantee the maintenance of the hospital in case it should not be self-supporting.

Mr. Gore's offer is considered a very generous one and there is no doubt that the town of Rockingham, with its ten cotton mills and its liberal and wealthy citizenship, will jump at this opportunity to locate a thoroughly up-to-date and handsomely equipped hospital here, the need for which is being felt gorely each year.

The Rockingham physicians and surgeons are among the best in the State, and with the hospital facilities at hand which Mr. Gore's gift makes possible there will be no necessity for any one desiring skilled treatment going out of this section of the State.

Mayor Everett, the local physicians and mill presidents and other public-spirited citizens will take immediate steps looking toward the meeting of the above named conditions making Mr. Gore's offer available as soon as possible.

GOLD DUST
makes dish-washing easy

The use of a little **Gold Dust** in your dish-water will make your dishes brighter, sweeter and cleaner than they ever can be without it. Unlike soap, **Gold Dust** does more than clean the surface. It goes deep after germs and hidden food particles and sterilizes everything it touches.

Gold Dust does all the hard part of the work without your assistance, because it begins to dissolve and clean the moment it touches the water.

When you have to wash dishes 1095 times a year, the **Gold Dust** method of saving half your time and half your labor means something.

You can buy a large package of **Gold Dust** for 5 cents.

Wonderful Cures Reported in Germany.

The use of simple herbs as remedies instead of the more concentrated and usually more dangerous inorganic substances, has been revived very widely of late. In Germany a new school of physicians has arisen which throws out almost a whole of the pharmacopeia and relies on an adaptation of the method of wild animals in curing themselves. . . . . *N. Y. World.*

It was Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., who first advocated the extended use of some of our native roots, such as: Golden seal and Oregon grape root, mandrake and queen's root, black cherrybark. These are the chief ingredients in Doctor Pierce's Golden Medical Discovery, which has been so well and favorably known for nearly half a century. A harmless cleanser and stomach tonic that *nature* has provided.

J. D. MATHESON, Esq.

J. DONALD MATHESON of Ossining, N. Y. says: "I suffered for over five years with what the doctors told me was *dilated condition of the stomach, associated with a catarrhal condition of same, and nervous heart.* I had tried enough nux, bismuth, gentian, rhubarb, etc., to float a ship and naturally thought there was no cure for me, but after reading what eminent doctors said of the curative qualities of the ingredients of 'Golden Medical Discovery' I gave it a fair trial. Took the 'Discovery' and also the 'Pleasant Pellets,' and can truthfully say I am feeling better now than I have in years. I cheerfully give permission to print this testimonial, and if any 'doubting Thomas' writes me I will 'put him wise' to the best all-around medicine in the country to-day."

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Friday, October 4, 1912.

A real liar and hypocrite has the worst end of a dispute.

The date in candidate may be a back number on the 5th of November.

Those who are given to overconfidence will please not the dent in confident.

If you get too excited in the discussion of politics cool down and talk Wilmington.

Are not Southport men Southsports these days since Southport is bound to get on the map?

Cain was the first to use the big stick, but he wasn't the last to use it in his business.

When you covet a thing state the main reason, which is that you want it bad enough to fight for it.

Demand the proof and when it is incontestible accept it. Some people even try to dispute evidence.

Those who cry "calamity" if the Democrats win are the ones who have been inflicting calamity on the masses during many years of privilege and license.

Who put the "nasty" in dynasty and so thoroughly disgusted us that we don't want any kind of American rule tnat looks like the twin of a European dynasty or a Mexican long term?

Stray paragraphs come back from the long ago to stare some editors in the face. When it is put in bold type and printed it is irrevocable unless the files are burned.

It might not be "personal" to accuse a man of perfidy and treachery, but it isn't any kinder than if one of our pals were to pound us on the knee joints with a two-pound mallet.

The Richmond Journal says: "Hein Bush is to manage the Petersburg team another year." However, isn't Petersburg afraid some other team of the Virginia League will take the rag off the Bush?

The bumper crops this year mean prosperity and while the wonderful productivity of this country is responsible for prosperous times, the Republican party takes credit for the prosperity of the country. The fact is, the country is prosperous in spite of the Republican party.

Professor Wilson must be talking over Roosevelt's head. The Bull Moose says "Wilson should further explain." Teddy's main dependence is explaining, but Wilson states the truth so plainly and bluntly that no further explanation is needed. When a man makes a long explanation he recognizes the necessity of doing his best to save his bacon.

In 1904, Mr. Jno. D. Rockefeller was so interested in electing Roosevelt that he subscribed to his campaign fund ten times more money than 150,000 Democrats in North Carolina have subscribed in small amounts for the election of Woodrow Wilson. Mr. Rockefeller's subscription was an investment, and a North Carolinian's subscription is a donation.

Maj. W. H. Bernard, one of the most careful observers in the State, estimates that 165,000 votes will be cast in the Senatorial primary, and that they will be divided as follows: Simmons 90,000; Kitchin, 57,000; Clark 18,000. This gives Simmons a plurality of 33,000 over his next highest opponent, and a majority of 15,000 over both. The only criticism we have to make of Maj. Bernard's figures is that he gives Kitchin too big a lead over Clark.—Webster's (Reidsville) Weekly.

FAYETTEVILLE REJOICING

One notable thing about North Carolina cities is that each is satisfied that it is located at the right spot for a future metropolis of great proportions. The people who live in North Carolina towns are satisfied with their towns and they are quick to point out the resources upon which their respective town can rely for a great future. Each town's people can point out its splendid advantages, and if there is one town in North Carolina that is going to outdistance all the others some of these days it is the town where a real healthy, lusty, booster has his home and is doing business.

The boosters are all right. They have the situation sized up correctly, and The Star agrees with every man who has confidence in his town and would not swap it for any other. This confidence among the people of so many cities in North Carolina is inspired by the fact that the resources of North Carolina are so prodigal and varied that every city in the State could not help being surrounded by the advantages and potentialities that insure the future of every single one of them. We have never seen a North Carolina town that did not have its peculiar advantages and adaptibilities, and we have often thought that a homeseeker or a prospector might shut his eyes and land anywhere without making a mistake. The truth is, there is a great future ahead of every town and every section of North Carolina, for the marvelous versatility of the State's resources and advantages are so numerous that there is a wonderful distribution of the factors for production, development and progress along lines of the most varied nature. We can therefore, appreciate this bit of rejoicing from the Fayetteville Index of last Wednesday:

"The Aberdeen & Rockfish Railroad is tearing away the old houses on Mumford street preparatory to building a new depot. They tell us that the road will be running trains in here by Christmas and some one has said all roads run to Fayetteville. It looks like they are all heading this way from the rumors auoat. When the inland waterway and the Panama canal are finished, this section ought to be the garden spot of the world and the distributing point of North Carolina. A gentleman told us the other day that he had been in every State and territory in the Union and that none of them had the natural resources of Fayetteville and the Cape Fear section. Rip Van Winkle is waking up and Fayetteville may yet be the city that she ought to be. The motto should be, 'Come over and help us, and we will do you good.' There is an enthusiasm that pervades this section that really makes you feel good."

Fayetteville is the upper Cape Fear metropolis, and we rejoice at her progress and prospects. That city is connected with Wilmington by the double transportation facilities afforded by rail and water. It is the head of navigation on the Cape Fear and an inland commerce of about $3,000,000 in volume is done between that city and Wilmington. However, that is not a circumstance to what will be done in a few years when the canalization of the Cape Fear is completed to Fayetteville. The government is now at work upon that great project and we understand that the locks and dams will be completed in about two years. This will make a waterway of eight feet depth all the way from Fayetteville to the deep reaches of the Cape Fear as it flows past Wilmington.

While we now have regular steamer service between Wilmington and Fayetteville, the navigation of the upper Cape Fear is confined to flat-bottom end-wheel steamers. The deeper channel will admit the use of propeller steamers and a certain class of ocean tugs, so that it will be quite possible for vessels of light draft to load in New York, Philadelphia or Baltimore and discharge cargoes at the wharves in Fayetteville. This will make Fayetteville a considerable inland port and it will immensely enlarge that city's opportunities for distribution by water and rail. In view of Fayetteville's increased navigation advantages, the fact that her railroad facilities are on the increase will greatly magnify the importance of the upper Cape Fear city as a distributing point. That is where Wilmington will share in the realization of Fayetteville's resources, and hence we are glad to see our sister city becoming the terminus or touching point of three or four more railroads. When the Aberdeen & Rockfish opens its line out of Fayetteville, it really opens a competing line from Wilmington to Raeford, Aberdeen and other towns in a fine section of North Carolina. The several railway lines reaching or centering at Fayetteville not only strengthen that city's distributing advantages, but Wilmington will share with its sister whatever progress is to be the result of the developments.

Our friends at Fayetteville have a right to rejoice, for the advantages of that city are soon to be a hundred fold greater than they are now. The canalization of the river will put her directly in water communication with the great inland Waterway and most all vessels that are to ply that inside highway of commerce from Cape Cod to Cape Fear can find their way to Fayetteville.

Fayetteville's geographic position, her surrounding agricultural advantages, her touch with electric power for manufacturing, and her rail and water distributing facilities assure her a future that is as sure as fate. We are glad of it. Fayetteville is a part of Wilmington, and Wilmington is a part of Fayetteville. The links between our cities look good to us.

WHY ROOSEVELT IS HIT HARD

Senator Dixon's appearance before the investigation committee at Washington on Wednesday amounted almost to a case of contempt of court. He was really disrespectful to the committee, and instead of testifying to facts he seized the opportunity to give his examination a partisan turn that was contrary to the purposes of the examination.

Because the evidence happened to seriously involve the Bull Moose in the campaign slush fund scandal, Senator Dixon gave us a good imitation of the cuttlefish which muddles the water so it can make its escape from those who pursue it. He attempted to create the impression that the committee was especially after the scalp of the Bull Moose, but he was taken down a button hole when he was reminded that Senator Clapp, chairman of the committee, is an ardent supporter of Roosevelt.

Senator Dixon failed to realize the fact that the committee was not responsible for the circumstance that the investigation revolved around the Bull Moose in a more conspicuous way than it does around other Presidential candidates. That is true because he happened to be the keynote of the slush fund scandal when it was at flood tide. It is not the fault of the committee that the Bull Moose was the beneficiary of trust donations running up into the millions.

The committee was appointed by the Senate to investigate and that is what it is there for. It was not the committee's fault that wads like $100,000 from J. Pierpont Morgan; $100,000 from John D. Rockefeller; $100,000 from the Standard Oil Company; 100,000 from the steel trust; $100,000 from the Gould interests; 24,000 plunks from Harriman, et al., and thousands of other bones, were dumped into the trust jackpot to elect Roosevelt over Parker.

Dixon ought to know that his candidate is hit hard because he is the very stormcenter of the slush fund cyclone. The enormousness of the trust donations to elect him and the enormity of the purchase of the people's elections with trust money, caused Congress to pass an Act prohibiting such transactions in the future. There is no excuse for the Bull Moose that others ought to be dragged into the investigation. Drag them in, and turn on the light. Even so, the Bull Moose's huge slush fund in 1904 showed that the great trusts and the moguls of privileged preferred a man like him to be on the job at Washington four more years in sequence of the nearly four years of McKinley's term that he had served.

It is not the investigation committee's fault that the magnates, the plutocrats, and the tariff beneficiaries were so fond of nearly four years of Teddy's first administration that they were willing to pay millions for four more years of the same kind of dynasty.

BLAMING IT ON OUR ANCESTORS.

We don't care so very much about ourself, but we can't stand for it to have any blame put on either one of our grandfathers on account of the way we have voted since the day we cast our first ballot with United States troops standing at the polls with fixed bayonets. It makes no difference if we did help to "carry" the election, we don't want to have the blame saddled on our revered ancestors. However, the circumstance did convince us that our grandfathers set a pace worthy to be followed.

One of the special privilege candidates for President has berated Southerners because their fathers and grandfathers voted a certain way, just as if they did not know what they were doing. We are sure most Southerners look upon their grandfathers as "grand old men", and for our part we would like to know that present day Southerners are "chips off the old block." Of course it is nonsense that any man today votes the Democratic ticket because it is hereditary, but there are not only fundamental principles involved but a reconstruction period which some of our ancestors never dreamed that we would experience. Let it all pass, however, so we can make way for this from the Petersburg Index-Appeal:

"The colonel, in his Southern speeches, urges his hearers not to vote the Democratic ticket simply because their fathers and grandfathers voted it. This reminds us of a joint debate between Jno. G. Capers, of South Carolina, commissioner of internal revenue under Mr. Roosevelt, and a Democrat of Maryland. Capers was speaking at Rockville, Md., in the interest of Mr. Taft in 1908. He was urging his hearers to break away from the Democratic party, not to be Democrats simply because their fathers were Democrats. "Why, suppose," he exclaimed, turning to his opponent, "suppose your grandfather had been a horse-thief, and your father a horse-thief, what would you be?" "I guess I'd be a Republican,' replied the Democrat."

The Mr. Capers referred to was a Southerner who went back on his grandfather, and no doubt the Marylander made him wince under a logic that was inexorable.

CURRENT COMMENT.

The colonel is not going to carry North Carolina and he will not get much of a vote if his followers go to mixing up with the Republicans.—Durham Herald (Ind.)

What is the need of this Nation at this time? Here is the correct answer which Woodrow Wilson gives. It is that "We need no revolution, we need no excited change; we need only a new point of view and a new method and spirit of counsel."—Raleigh News and Observer.

Charlotte is responding quite nobly to the call for contributions to the National Democratic campaign fund. An initial canvass of the city has resulted in a collection of over $1,000 for the fund which is to help bear the expenses of Wilson's election—and there will be more. Charlotte never fails to prove equal to the emergency.—Charlotte Observer.

Those college students at Hickory who prevented the speech of Mr. Roosevelt by yelling for "Wilson" will have to learn from the very start the art of treating a distinguished visitor courteously. It was a regrettable incident, and the colonel made a very pertinent observation when he told the boys they were "long on noise but a little short on intelligence."—Charlotte News.

RED CROSS SEALS

Campaign In This State to Be Pushed This Year—Committee

(Special Star Correspondence.)

Charlotte, N. C., Oct. 3.—North Carolina is to be brought to the front this year in the Christmas campaign for the sale of Red Cross Seals. All the profit from the sale of these little stamps goes to help carry on the work against tuberculosis.

At the direction of the National Association for the cure and prevention of tuberculosis, Mr. Myers, secretary of the Associated Charities of Charlotte, has taken the initiative in this work, and is now organizing a State committee, on which will be representatives from all the leading cities of the State. Acting under the direction of the State committee, Mr. Myers will then proceed to organize a local committee in every city and town of more than 600 population in the State. Through these committees the Red Cross Seals will be put on sale in every community in the State, and educational matter of very great importance in anti-tuberculosis work will be put out. It is a big undertaking, but the results will be well worth the effort.

The public may expect to hear more of this work as time goes on.

Last year 100,000 seals were sold in the State. It is expected this year to raise this number of 500,000 and possibly 1,000,000.

CAROLINIAN PAROLED.

D. P. Tate Given Freedom in Virginia, is Arrested Again.

Danville, Va., Oct. 3.—D. P. Tate, a former preacher in North Carolina later engaged in real estate speculation here, recently convicted of grand larceny and sentenced to four months in the penitentiary, was released this afternoon on a conditional pardon issued by Governor Mann. Half an hour later he was arrested on a warrant charging him with obtaining money under false pretences, but was released on his own recognizance until tomorrow. The latter charge has once been dismissed at a preliminary hearing, and a grand jury had refused to indict, holding that it was a matter for civil action, not for criminal prosecution.

GEORGIA LADY'S INVESTMENT

Of Five Dollars, Worth Fifty Dollars to Her Now. Read Following Letter.

Headwig, Ga.—"I suffered untold agonies for five or six years with womanly trouble," writes Mrs. Della Long, of this place. "Could not sit up but a few minutes at the time, and if I stood on my feet long, would faint.

I took $5.00 worth of Cardui, the woman's tonic, and it did me $50.00 worth of good. I can do any work now, all the time, and suffer but very little.

I am recommending Cardui to my friends, and shall continue to do so. You may use this letter in any way you wish."

Its 50 years of wonderful success proves that as a tonic, for weak women, you could find nothing of greater benefit to you than Cardui. It is a woman's tonic—a strengthening medicine for women made especially for women, from ingredients which act specifically on the womanly organs and thus help to build up the womanly constitution.

You are urged to try Cardui if you are weak, tired, nervous, worn-out, or suffer from any of the pains peculiar to weak women, such as headache, backache, dragging pains, pains in side, and other symptoms of womanly trouble.

Judging from the experience of thousands of others, Cardui is sure to help you.

Corporation Commission Makes New Order on Mountain Produce

(Special Star Telegram.)

Raleigh, N. C., Oct. 3.—The Corporation Commission this evening issued a circular reducing the express rates on apples, cabbages, onions and potatoes 20 per cent from points within the State for long distance hauls. The Commission secured an agreement with the Southern Express Company for the purpose of benefitting apple shippers in western North Carolina; consumers in the middle and eastern sections of the State.

Motherhood

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

HALT IN SEWERAGE DEAL

Transfer of Property to City is Delayed by Company's Refusal to Give Indemnity Bond—Conference Held Yesterday.

The transfer of the property of the Wilmington Sewerage Company to the City of Wilmington, which was to have taken place yesterday, has been further delayed on account of the refusal of the chairman of the bondholders' committee to give the city a bond of $10,000 to indemnify the municipality in the event any suits are brought against the corporation within 60 days from date of sale, as allowed by statute, and the chairman of the bondholders returned on the evening train to Philadelphia to confer with other members of the committee with a view of later meeting the requirements of the city.

City Attorney Herbert McClammy and members of the City Council who were approached last night spoke hopefully of being able to adjust the matter within a few days. Mr. McClammy was asked if he thought the Wilmington Sewerage Company would attempt to collect the double sewerage rents for the present quarter from the patrons, while the controversy is pending, as had been hinted during the afternoon, and he replied emphatically, "No, I think not," implying that an effort in this direction would be contested by the city in the courts. In his opinion the bondholders, after conferring, will agree to give the bond or place $10,000 on deposit in a local bank to protect the city for the period the statute says that suits may be brought against a corporation that is disposing of its property. Mr. W. B. Smith, chairman of the bondholders' committee, who with Mr. Congers, of the West End Trust Company, trustee for the bonds to be issued, was here to close the transaction, finally agreed to give a bond for $2,500 to indemnify the city, but this was not acceptable to Capt. Thos. D. Meares, city cleark and treasurer. The city attorney earlier in the day had fixed $10,000 as the amount of the bond that would be required.

The bondholders' committee did not turn over to the city the $150,000 worth of old bonds of the sewerage company, but it is stated that this could have been arranged by telegraph had the other condition been complied with by the bondholders.

Just preceding a conference of the City Council yesterday morning on financial matters, Mayor Joseph D. Smith was busy signing the 220 bonds, covering the $100,000 mortgage deed, which the city is to give as surety for the mortgaged portion of the plant. The bonds are issued by the Wilmington Sewerage Company and their payment is guaranteed by the city of Wilmington. The bonds are to be taken by the West End Trust Co., of Philadelphia, as trustee.

Mr. W. E. Merrit, superintendent of the company, was asked last night as to the further operations of the company in view of the interruption of the proceedings for a sale to the city. He stated that his instructions were to proceed with rendering bills for the current quarter at the higher rate and that he had no alternative in the matter. In the meantime the public is the sufferer and the people are beginning to wonder whether the sewerage company ever in the first place intended to sell. Certainly the small matter of $10,000 on deposit for 60 days should not deter men of large affairs in a matter of this kind.

MR. ORRELL APPOINTED

Becomes Assistant Manager Western Union Here—Other Promotions

Mr. G. E. Wood, local manager of the Western Union Telegraph Company, announces that effective on October 1st Mr. R. H. Orrell has been appointed assistant manager at this point.

Mr. Orrell, familiarly known to his friends as "Skeet," is a native Wilmingtonian, having entered the service of the Western Union as a messenger boy in 1898, and since that time has served in all capacities, being promoted this time from the position of general traffic chief. Mr. Orrell made a notable success as manager of the branch telegraph office in the Chamber of Commerce rooms where he served the public for about seven years in a most acceptable manner. Mr. Lawrence P. Wood succeeds Mr. Orrell as general traffic chief, and Mr. H. S. Matthews is promoted from the position as operator to that of late night chief to succeed Mr. Wood.

Appreciating the patronage given at Wilmington, the Western Union is following out its aggressive policy of giving the very best service that can be had, and is bending every effort to keep all of its various departments up to the standard.

PORT PARAGRAPHS

Two Steamers Arrive for Cotton—Schooners Clear for New York

Two British steamers arrived in port yesterday to receive cargoes of cotton for export. The King Robert, Capt. Taylor, came from Rotterdam and the Kylestrome, Capt. Anderson, hails from Manchester. Both vessels came to Messrs. Alexander Sprunt & Son, who will furnish the cargoes.

The schooner Victor C. Records, Capt. Griffith, cleared yesterday for New York with cargo of 280,000 feet lumber; cargo by Woodson & Graves, vessel by Maffitt & Wood. The Records will sail this morning.

The schooner Philips M. Brooks, Capt. Sanders, cleared yesterday for New York with cargo of 270,000 feet lumber; cargo by Buel-Crocker Lumber Co., vessel by Maffitt & Wood.

CALL ISSUED TO THE GREEKS

Their Country Asks for Their Return Home to Aid in the Government's Position in Balkan Situation —Instructions

That the Balkan situation is alarming is indicated in a telegram received yesterday morning from Washington by Mr. D. G. Vafiadi, Royal Vice Consul for Greece in North and South Carolina, asking him to notify all Greek subjects of the two States that they are needed at home to aid their government. The message created great interest among all the Greeks of this community and much enthusiasm was shown by them.

It is not improbable that many of the local Greeks will answer the call of their country and will go to the front. The religious service Sunday morning from 10 to 12 o'clock at St. James' Chapel will afford a splendid opportunity to ascertain the number who will respond to the call. Mr. Vafiadi said that he expected the call to be answered by thousands of Greeks in America. The telegram received by him follows:

"Washington, D. C., Oct. 2, 1912.

"D. G. Vafiadi, Royal Vice Consul for Greece, North and South Carolina, Wilmington, N. C.

"Please communicate Greek subjects and newspapers following telegram concerning mobilization of the Greek army:

"'Mobilization ordered beginning on midnight, October 1st. Are ordered to join the colors, all the reserves of 1900 to 1909, inclusive, and the soldiers coming from countries belonging to the first, second, third and seventh recruiting offices and the branch of the eighth recruiting office and belonging to the territorial of 1896 to 1899, inclusive. Reserves excused in years 1910 and 1911 should present themselves to their respective corps; the territorial to the respective recruiting offices. The reserved officers have been called according to advices sent them by another Royal Decree. In the navy, the reserves of 1878 to 1888, inclusive, are called, and those enlisted in 1910 and 1911 and have not served under the previous enlistment; corporals, sergeants of the infantry, artillery, light infantry, of the territorials 1896 to 1899, inclusive.

MR. JOHN T. YATES SUCCUMBS

Well Known Electrician Died Last Night as Result of Fall From a Pole Last Saturday—Funeral Today.

Mr. John T. Yates, for a number of years superintendent of the city fire alarm system, but for the past two years an electrician in the employ of the Tidewater Power Company, died at the James Walker Memorial Hospital at 8:10 o'clock last night as the result of a fall from the top of a pole on which he was at work on the Coast Line yards last Saturday morning at 8:15 o'clock. Mr. Yates never regained consciousness and doubtless has never suffered pain from his fatal injury.

The funeral services will be held from the family residence, No. 505 Wooster street, and the interment will be in Bellevue cemetery.

Although it was known that Mr. Yates' condition was serious and that he had exceedingly small chance of recovery, yet the realization of his passing came as a great shock to his loved ones and friends. He was well known and was highly esteemed in his wide circle of friends and acquaintances. For a number of years he was connected with the local fire department, first as fireman and then as superintendent of the fire alarm system. He was well liked in the fire department and had many warm friends among the firemen who learned of his passing with deep regret. For the past two years he had been with the Tidewater Power Company as an electrician and the officials of that company highly commend him for his character, capability and efficiency. He stood high in their estimation and regard his tragic death as a blow to the company.

Mr. Yates was 39 years old and is survived by his wife and one son, Herbert McNeill Yates, who is 15 years old. He is also survived by one sister, Mrs. C. E. Wood. The bereaved will have the tenderest sympathy of many friends.

Mr. Yates was a valued member of the Independent Cape Fear Band and members of that organization are called to assemble at their hall this afternoon at 3:30 o'clock for the purpose of attending the funeral in a body.

A BUSINESS MAN'S TRIBUTE.

I wish to lay a wreath on Bill Starky's grave; a colored man who worked for us for the last eighteen years, and a more faithful worker I never knew. He was honest and upright in all his dealings, never asked for a holiday and never complained of anything we asked him to do. Someone said a good servant was a luxury, and he was right.

We will miss him surely, and hope the Lord will be kind to his sorrowing wife and children.

Burns said: "A man was a man for a' that." The good and faithful people don't all belong to any one race. "Honor and fame from no condition rise. Act well your part, there all the honor lies."

DAMAGES IN LARGE AMOUNT

Superior Court Jury Awarded Mr. B. F. Penny Verdict Against Coast Line for $6,000 and Over $5,000 Interest.

The Superior Court jury which had in hearing the case of Mr. B. F. Penny against the Atlantic Coast Line Railroad Company, an action for damages for alleged personal injuries received 14 years ago when he was shot by a negro who was making an effort to kill the conductor of a train on which the plaintiff had been a passenger, yesterday afternoon at 12:30 o'clock returned a verdict in favor of the plaintiff for $6,000 with interest at the rate of 6 per cent. from the date of the injury, the verdict aggregating $11,040.

The jury was out only a little over an hour. This was the seventh time the case had been tried and will, of course be appealed by the railroad.

The issues submitted to the jury and the answers were as follows:

"Was the defendant guilty of negligence in respect of the conduct of the Conductor Carman, which was a proximity cause of the plaintiff's injury, as alleged in the complaint?" Answer, "Yes."

"Was the defendant guilty of negligence in respect of the conduct of Van Amringe, the baggage master, which was a proximity cause of the plaintiff's injury, as alleged in the complaint?" No answer to this issue.

"Did the plaintiff, by his own negligence, contribute to his own injury, as alleged in the cause?" Answer, "No."

"What damage, if any, is plaintiff entitled to recover?" Answer, "$6,000 with 6 per cent. from date of his injury."

Mr. Penny was shot and seriously injured on September 18th, 1898, just after or as he was getting off of a Coast Line passenger train at Leland whither he had purchased a ticket from Wilmington. He was shot by a negro named Sam Calloway, who was having a difficulty with the conductor. The case has been tried seven times and two or three times a verdict in favor of the plaintiff was given, but the Supreme Court granted a new trial. Counsel for the plaintiff are hopeful that the higher tribunal will affirm the lower court this time.

The case went to the jury at 11:30 o'clock yesterday morning and an hour later a verdict was returned as stated. After deliberating for a short time the jury filed into the court room and asked the court to state for their information and guidance when interest on any possible amount of damages should start, whether from the date of the shooting or from the date the suit was instituted. Judge Carter instructed the jury that the interest could begin at either time as fixed by the jury. In a short time the verdict was returned.

Appearing for the plaintiff in the case were Bellamy & Bellamy, ex-Judge E. K. Bryan and A. J. Marshall, while the defendant company was represented by Geo. B. Elliott, assistant general counsel of the Coast Line, Davis & Davis, Rountree & Carr and John D. Bellamy & Son.

An action brought by D. L. Gore against Gerrit Walker, et al., for the purpose of establishing a boundary line between lands owned by the plaintiff and defendants was decided in favor of the plaintiff.

Robert Alderman, colored, was granted a divorce from his wife, Rebecca Alderman.

The case of the Murchison National Bank against the Dunn Oil Mills Company was continued and set as the first case at the December term of court.

The case of Chas. Wessell against the Wilmington, Southport & Little River Company is now being tried. It will probably go to the jury at the morning session today. It is an action for the recovery of $500 or $600 alleged to have been done the steamer Rosa, while it was leased to the defendant company by the plaintiff. Herbert McClammy, Esq., and John D. Bellamy & Son represent the plaintiff, while ex-Judge E. K. Bryan represents the defendant company.

COLLECTING THE EXHIBITS

Fair Grounds Will Be Open Today and Tomorrow—Shows Coming

The management of the fair to be given next week at Highwood Park announced yesterday that the merchants and others of the city are now showing a keener interest in the success of the enterprise and are reserving exhibit spaces and entering articles and products for prizes. The management asks that all the merchants who desire to make exhibits on the ground arrange for the space as early as possible. A man will be at the grounds today and tomorrow for the purpose of making arrangements with those who desire spaces.

Mr. Lewis, superintendent of the county home of Brunswick county, will have charge of the Brunswick county exhibits, it was announced yesterday.

The race track is being worked and it is expected that it will be in good condition for the races next week. Among the exhibits will be a fine display of peanuts. A grower at Scott's Hill will enter some fine specimens and the local dealers will also have a display.

Mr. Percy W. Wells returned yesterday morning from Winston-Salem, where he went to book a number of shows from their fair there. He secured 17 attractions and they are expected to arrive here by special train Saturday.

Negress Hurt in Runaway.

Mary Johnson, colored, was painfully hurt yesterday morning when the horse she was driving to a wagon became frightened on Market street, between Seventh and Eighth, and ran away. Her little child, who was in the vehicle with her, was injured. The woman was thrown from the wagon and received a deep gash in the back part of her head. She was taken to the office of Dr. R. H. Bellamy, a short distance away, and after being given medical attention was sent to her home.

POLITICAL CIRCLES STIRRED

Some Excitement at Southport Following Meeting of Board of Elections—Substitution of Name

The following item from this week's issue of the Southport News will be of interest in this city:

"Political circles are stirred up over the meeting of the Board of Elections held Monday evening of last week, and the consequent results.

"There are many rumors floating about of the irregularities of that meeting, and summary proceedings were expected to be taken against one or more men, who it is said, were charged with being responsible for the muddle.

"The entire board, L. M. Todd, chairman; J. Douglas, secretary, and J. Johnson, were present. Dr. Dosher, member of the executive committee from Southport, was in attendance (together with several other citizens) and recommended, as was his right, the following as the election officers for the precinct of Southport, viz: Junius Davis, as registrar; Messrs. H. C. Curtis and W. H. Pyke, as pollholders. After some hesitation on the part of the majority of the Election Board, the final action resulted in the appointment of the three named above. At a late hour adjournment was taken, after a rough draft of the minutes had been read at the request of several voters present, and these minutes verified the appointment of three officers named above.

"When the list of appointments was handed to Sheriff Knox, to serve notice as the law requires, the name of L. S. Fefel had been substituted for that of Junius Davis. A claim was made that a second meeting had been called and held at 7 o'clock on the 24th and the name changed.

"Some fifteen or twenty prominent citizens immediately assumed the responsibility of acting as a self-appointed committee of the whole, and engaged the services of a lawyer to represent them to discover who did such a high-handed act. Mr. Todd was sent for and stated that he was not aware of any second meeting having been held. He stated that as far as he knew that Mr. Davis was the regularly appointed registrar and posted a list as required by law in the Court House with the name of Davis thereon as the registrar from this precinct. Mr. Johnson also says there was no other meeting held.

"Much indignation was expressed towards the one or more men who engineered the trick and some concern for the welfare of the Democratic county ticket was felt. A canvass of the candidates has brought to light the fact that not a candidate knew of the change. Senator Bellamy, who heads the county Democratic ticket, stated most emphatically that he not only did not know anything of the occurrence but that he felt very strongly inclined toward calling a meeting at the Court House for the purpose of discussing the situation fully.

"Mr. Davis has qualified and the election books have been placed in his hands and he will officiate as registrar on all days when the duties of that office require his presence.

"Who were the guilty parties?

"Arrangements have been made to have the lines built for the electric light company, and construction work will begin as soon as the poles arrive, for which bids are now out.

"The contract requires the lines to be constructed ready for operation within 90 days, but the contractor expects to have the lines in complete readiness to light the streets, etc., within 30 days, if seasoned poles can be procured at once. The plant is expected to be in full operation within 60 days.

"The company has secured a room in the new building of the Bank of Brunswick and will establish its office there as soon as the bank moves over."

SERIES OF BIBLE ADDRESSES.

Rev. L. S. Chafer to be Heard at First Presbyterian Church.

The congregation of the First Presbyterian church has been most fortunate in securing the services of the Rev. L. S. Chafer, one of the most distinguished Bible teachers of our country, for a series of addresses in their church, beginning Sunday morning, October 6th, and continuing each night during the week, ending Sunday the 13th.

Mr. Chafer is a speaker who especially appeals to men by his clear and strong presentation of the truths of the Bible. Dr. Clark and Mr Scales, of Greensboro, Dr. Leyburn and Mr. Watts, of Durham; Dr. White and Mr. Young of Raleigh, are among a few of the distinguished and prominent North Carolinans who have heard Mr. Chafer, and they all speak of his addresses in the highest terms.

Mr. Chafer, in addition to being a most attractive speaker, is an author of considerable distinction. Members of the congregation of the First Presbyterian Church and their friends are to be congratulated on bringing so distinguished a man into our midst.

The public is cordially invited to attend these addresses.

Greek Wedding Last Night

Last night at 10 o'clock Mr. Nicholas Coutroulias and Miss Artemis Dendrinou, Greek residents of this city, were married at the home of Mr. J. Andrews, on Second street, between Princess and Market. The marriage was solemnized according to the Greek Orthodox rites and was of an extremely interesting and impressive nature, occupying about three-quarters of an hour. Rev. Earsenios Davis, rector of St. Paul's Greek Orthodox church, Savannah, Ga., performed the ceremony and he will spend some time as the guest of Mr. D. G. Vafiadi. The wedding was largely attended by the Greeks of the city and following the ceremony refreshments were served.

Juniors Meet in New Hall.

The two local councils of the Junior Order, Jeff Davis and George Washington, have secured the old Germania hall, over Mr. E. H. Holmes' grocery store, on South Front street, for their council hall and the first meeting there was held last night by Jeff Davis Council. The Juniors formerly met in the hall over the Wilmington Grocery Co., on Market street, which is to be remodeled and made into rooming apartments.

FREE FERRY QUESTION.

How Does Senator George Bellamy Stand on the Proposition?

Of considerable interest in Wilmington and this immediate section is the following from this week's issue of the Southport News with reference to the proposed free ferry across the Cape Fear river at this point:

"Editor Southport News:—In the last Legislature Senator Geo. H. Bellamy introduced a bill which required Brunswick county to pay one-third of the cost of acquiring a ferry at Wilmington, known as the property of the Brunswick Bridge & Ferry Company, and the bill further required Brunswick county to pay one-third of the expense of keeping said property in repair and operating the same as a free ferry in the future.

"At the Democratic county convention on Saturday, September 21, when Mr. Bellamy was nominated for the House in the next Legislature, I am informed that he stated publicly that he was now opposed to any free ferry proposition, and that if elected he would oppose any proposition for a free ferry if it should come up in the Legislature.

"The Senator having changed his position for some reason or other on this important question to the people of Brunswick county, it appears to me that the people of the county, especially the voters of the county, have a right to know his reasons for the change, and I therefore ask that Senator Bellamy give his reasons through the public print of Brunswick county why he has changed his position on this question. I think it is due the people of Brunswick county.

MEETING FOR MEN.

Gathering at Boys' Brigade Sunday to be of Much Interest.

Preparations for the opening meeting for men at the Boys' Brigade Sunday at 5 o'clock have been completed and what will probably prove to be one of the best meetings of this kind held at the armory in many months will occur at that time. The speaker is one of the best that could have been secured for an occasion of this kind, a young man who is in touch with young men and who knows young men, an eloquent speaker who presents his subject as only a born orator can. This meeting is being extensively advertised and a large audience will doubtless hear W. P. Stacy, Esq., when he addresses the young men of the Brigade and any other man who will attend. The meeting is not for Brigade members only, but is for the men of the city as well and a cordial invitation is extended to them to attend. The music will be by the ever-popular Acme Male Quartette, which will render two special selections. Col. Walker Taylor will preside over the meeting.

REAL ESTATE TRANSFERS.

Thos. W. Davis and wife to J. F. Sellars, for $100 and other considerations, lot on west side of Aubrey street, 75 feet north of Davis, 75x129 feet in size.

A deed was also filed dated December 8th, 1899, from Wm. Crownstream and wife to Owen D. Hansley, for $20, 10 acres of land in Cape Fear township.

Three Months on Roads

Ben Dozier, colored, was the star performer at yesterday's session of the Recorder's court. He was charged with stealing $1.50 and a quantity of groceries from the woman at whose house he lived. Three months on the county roads was the judgment. Frank Shipman, charged with carrying a concealed weapon, was fined $15 and the costs. Genie Southerland and Boss Southerland were found living in a house which they had not rented. The only thing in the room in the way of furniture was a ragged mat. The woman was sent to the county home and the boy was told to get his employer to arrange sleeping quarters for him.

GLIDDEN WANTS TOUR.

Invites Auto Owners to Accompany Him Over Route.

Boston, Mass., Oct. 3.—The Glidden Automobile Tour having been postponed for this year, Charles J. Glidden, donor of the trophy, tonight issued a general invitation to automobile owners to accompany him over the route originally planned from Detroit to New Orleans, leaving Detroit October 14th. Mr. Glidden's announcement says that his move is not antagonistic to the American Automobile Association, which postponed the National tour, but is intended to show to the world that automobile touring in the United States is not dead or sleeping.

Mrs. John W. Ham, soprano soloist who is singing twice daily at the revival in progress at the Brooklyn Baptist church. Mrs. Ham is a graduate of Elizabeth College Conservatory of Music, Charlotte. She has also studied voice with special masters. She sings at 3:30 and 7:30 P. M.

..Theatrical..

The popular price musical comedy company, headed by the well known German comedians, Mills and Bernard, now filling a big week's engagement at the Academy of Music, delighted a large audience last night with a swell presentation of the big Weber and Fields' music show, "Hans and Nix". The performance was one of the merriest and brightest of the musical comedy class ever given at the Academy. It sparkled with pretty, catchy music and was awfully jolly with fun. The chorus, which is one of the big features of the company, had plenty of work and accomplished it in dashing, splendid style. The vaudeville numbers were flatteringly received by the large audience and encores were plentiful. The every appearance of either Mills or Bernard and also of Al Watson, the noted Hebrew comedian, brought forth a big laugh from the audience. Miss Elizabeth Rowena, the charming prima donna of the company, was in fine voice and furnished many minutes of delight.

The attraction is the best, the greatest for the money that the Academy has ever offered and but two days of the present engagement remain. The company will repeat the great comedy success of last evening, "Hans and Nix", tonight, and seats are now on sale at Plummer's. The prices are 10, 20 and 30 cents.

The company will appear at matinee tomorrow afternoon, when the prices will be 10 and 20 cents.

At the Bijou.

There is no stopping the joy-riding of the popular Bijou. One day's big programme quickly gives way to another. In other words, it is a constant whirl at this amusement palace, where solid comfort is ever on tap and where the tiny price of admission—5 cents—always remains the same. Yesterday's bill was witnessed by a great concourse of people, further attesting to the supreme popularity of the Bijou. Today will be but a repetition for attendance and those who crowd the Bijou will behold one of the swellest bills ever flashed on a screen of a moving picture theatre. The leading film today is a detective story, but is not one of sordid crime, but of high class, scientific type, and will carry a big moral with it. All married folks should especially see this film. It tells of a husband who neglects his wife, in his mad rush for the dollar and how the oily butterfly of fashion flitters in and captures the heart of the wife, or rather, gets her madly infatuated with him. Then the detective is called upon the scene and he unravels the case and does so in such delicate manner that happiness once more reigns and the husband no longer neglects his wife. The film is entitled "The Detective's Strategy."

Among the other films on today is one of rugged Western calibre, "An Indian Sunbeam", and it sets forth a most interesting story in vivid manner. Found alone on the wide prairie a little white child is adopted by the Indians, and her life among the Red Skins is told in graphic manner. There are thrills running throughout the presentation.

Grand's Big Offering.

The Grand Theatre will offer today one of the premier bills of the week and one that should ensure a very large audience at each performance. Mr. Leonard Chick will sing for today one of Chauncey Olcott's big song successes in his new production, "I Love the Name of Mary." This will be one of the big features of today's offering but it will be by no means the only one.

In the moveys there will be a big Vitagraph, "At Scrogginses' Corner" with Si Bunny as the leading character and when Bunny appears that's enough said to those who know the best in the moveys. Then there will be an extremely fascinating drama in an Essanay production of "The Voice of Conscience." It is powerful in plot and magnificently portrayed. The terrible ordeal undergone by a conscience-guilty man until Fate wrings the truth from him will provide a series of sharp climaxes and intensely dramatic situations that will hold the attention from start to finish. This with a third good film should prove very attractive at the Grand Theatre today.

Yesterday the anvil chorus was a striking success. Roy Woodward proved himself an artist with the traps and the electrical effects. His production was really marvelous.

Edythe Totten Next Week.

The Academy of Music will offer all next week Miss Edyth Totten and her own all-star company in a repertoire of high-class royalty plays. Miss Totten has just closed her tour of the larger cities of the East and Middle West, playing to large and enthusiastic audiences. Miss Totten includes in her repertoire such well known plays as "The Volunteer Parson," "A Factory Magdelen," Tolstoy's great drama, "Resurrection." The company will present these plays with special scenery and a large and capable company at popular prices. Miss Totten has been featured with many of the large stock companies about Chicago, Kansas City, St. Louis and Denver.

Monday night a "Volunteer Parson" will be presented, with a change of play each day. The reserved seat sale will open Saturday at Plummer's. As a special inducement to introduce Miss Totten and her associate players to Wilmington theatre-goers the management of the Academy will admit a lady free on the opening night with the first 200 seats that are sold.

LOCAL DOTS.

—Tonight the Mills and Bernard Musical Comedy Company will repeat "Hans and Nix" at the Academy of Music. Saturday matinee and night "Hoity Hoity."

—Report has been made to the police that Isham Mack, colored, sentenced from the Recorder's court, had escaped from the county roads. It is stated that the county authorities have offered a reward of $20 for his capture. Joe Martin, colored, is also reported to have escaped from the roads a short time ago.

BRYAN IN KANSAS.

Flays Teddy and Taft—Predicts Democratic Success.

Salina, Kan., Oct. 3.—William J. Bryan journeyed through Kansas today, flaying Taft and Roosevelt, and predicting a Democratic landslide in November.

Mr. Bryan began the day at Concordia, and ended here tonight. At Abilene Mr. Bryan, after praising Governor Wilson, said:

"Wilson has made trust-ridden New Jersey as progressive as Kansas or Nebraska, and now Sulzer, who has been with us since '96, has been nominated in New York. The Democrats are choosing real men for office this year. We will win."

In his address here tonight Mr. Bryan said Mr. Taft had failed to satisfy the people because he did not have the confidence of the masses. He declared Colonel Roosevelt's shortcomings were responsible for the election of President Taft four years ago.

Mr. Bryan's campaign activities will extend to Indiana and Ohio during the next three weeks. He will visit Indiana towns October 16th, 17th, and 18th, and Ohio towns October 19th to 22nd, inclusive. Previous to these engagements he is to speak in North and South Dakota, Minnesota and Iowa, beginning next Monday.

TWO NEGROES CONVICTED.

Assaulted a Young Woman Near Cummings, Ga.

Cummings, Ga., Oct. 3.—While four companies of militia from Atlanta preserved order in the court house and the town, two negroes were convicted today of assaulting a young woman of this community and causing her death. Details of the crime were related by the sister of one of the negroes, who was a witness to the deed.

Great crowds from Forsyth and surrounding counties thronged the town today, but the presence of the troops kept the excitement under control.

Four more of the negroes brought here from Atlanta yesterday remain to be tried.

Wilmington Auction Co.

The Wilmington Auction and Storage Co., which was recently granted a charter by the Secretary of State, began business yesterday morning at No. 111 Chesnut street. Sales will be conducted daily at 10:30 A. M. and many bargains were secured by the purchasers yesterday morning. Nearly every kind of article one might wish is represented in the list of things for sale. The officers of the company are: President, L. J. Carter; secretary and treasurer, H. Cole; manager, F. W. Ortmann.

Fredericksburg, Va., Oct. 3.—Rev. Dr. John Moncure, an Episcopal minister of Richmond, Va., and his negro servant, were drowned today in Chappawamsic creek, near Widewater, about 15 miles north of here. The men were fishing from a small boat, when it suddenly capsized. The bodies were recovered. Dr. Moncure was 60 years of age.

TRAGEDY IN YANCEY

B. S. Hensley Shot and Killed By His Nephew

Nashville, Tenn., Oct. 3.—A dispatch from Johnson City, Tenn., says that B. S. Hensley, aged 76, prominent and wealthy, was shot and killed this morning at Beebag, Yancey county, North Carolina, by his nephew, Will N. Hensley, following a dispute over a note. Young Hensley was lodged in jail. The tragedy caused strong feeling.

—Rev. J. T. Johnson, formerly pastor of the Sixth Street Advent Christian church, in this city, will be in Wilmington Sunday on a visit. While here he will fill the pulpit of the Fourth Street Advent church at both morning and evening services.

COTTON MADE SMALL GAINS

The Market Recovered About Half of Previous Break During Early Trading, But Most of the Rally Was Lost

New York, October 3.—The cotton market recovered about half of yesterday's break during today's early trading and while a good part of the rally was lost, the close was steady, at a net advance of from 3 to 6 points.

The opening was steady, at unchanged prices to an advance of six points on covering and foreign buying. Right after the call, prices eased off to about the low level of yesterday afternoon, owing to a continuation of yesterday's liquidation and scattered Southern selling. But there was good buying on this setback and the market soon turned firmer again on reports of a better trade demand and rather active buying by certain large spot interests.

The presence of this support started covering by recent sellers, while there was also a considerable demand from reactionists, and during the middle of the day active months sold about 17 to 20 points net higher, with December touching 11.05, comparing with 10.86, the low point of the morning. Realizing checked the advance at this level and the market later eased off under liquidation by early buyers influenced by a withdrawal of support from spot houses and rumors of lower spot markets in the South.

Closing prices showed a reaction of some 13 to 15 points from the best. Rumors of a gulf storm helped the morning rally, but these reports lacked confirmation.

Otherwise, weather reports were considered generally favorable and the early advance seemed to be influenced chiefly by reports that spinners had been active buyers on the break of yesterday, a more favorable view of the European political situation, reactionary arguments following the big break and apprehensions that there might still be an early frost.

Spot closed quiet; middling uplands, 11.25; middling gulf, 11.50; sales, 100 bales.

Futures closed steady.

STOCKS STRONG AND ACTIVE

Cheerful Sentiment at Principal Financial Centers on Account of Change In Balkan Situation Boosted Market

New York, Oct. 3.—More cheerful sentiment at all important foreign centers of finance, by reason of the change in the Balkan situation, the retention of the Bank of England's 4 per cent. discount rate, and the easing of local call and time loans were provocative of a very strong and active stock market today. The rise here was forestalled by London, where Americans closed with general gains, the more substantial being scored by the Coppers, Steel, Atchison, Reading, Pennsylvania, St. Paul and Union Pacific.

All these stocks and numerous others rose fractions to two points here before noon on a volume of business larger than any attained since the inauguration of the present upward movement. A few of the more potential issues were at their best in the last hour.

In addition, various specialties advanced one to two points, with a renewed demand for the minor steel shares. Reading, Steel and Amalgamated overshadowed all other issues. Union Pacific and St. Paul moved up briskly, St. Paul responding to its excellent August statement. Towards the close, further profit-taking made its impression on some of the leaders, recessions from from the top extending to a point.

London, whose selling was the depressing feature of the previous days of the week, was reported to have bought lightly on balance. Its purchases might have been larger but for the runaway character of our early market. The Bank of England lost about $14,000,000 gold and the Bank of France put a temporary stop to gold payments, pending the outcome of the Eastern European situation.

Bonds were firm. Total sales, par value, were $2,300,000. United States government bonds, unchanged. Total sales stoks, 666,100 shares.

STEAMER COMMANDEERED

Macedonia Will Take On Ammunition And Sail for Greece

New York, Oct. 3.—The steamer Macedonia, scheduled to sail at noon for Piraeus, Greece, with 2,000 passengers, was commandeered shortly before sailing time today by the Greek consul general here. The vessel prepared to sail at once for Philadelphia to take on a cargo of ammunition.

From Philadelphia the Macedonia will return to New York for the reservists of Greece and the Balkan States, who plan to sail on her for Greece.

The Greek consul announced today that he had received a cablegram from his government to notify all the Greek reservists in the United States to return to their colors. Similar notices were received by leaders of the Bulgarians, Serbs and Montenegrins. It is estimated there are 100,000 men of the four nationalities in this country capable of bearing arms.

These committees form an organization of men who cannot and will not fail. Every branch and avenue of business will be solicited and those who cannot find a solicitor are requested to send in their contributions to the respective chairmen or if the contributions are sent to The Star office and designated to which committee it is desired to give the credit, the contribution will be gladly handed to that committee.

The disclosures made before the committee in Washington as to the campaign funds of other years show what Governor Wilson could interest, if he should forsake the cause of the people, but he had made it very plain that he is the people's candidate and if the people wish him to win, they must finance his campaign. It is a fight of the people against special interest and the people must be equal to the occasion or forever be debarred from setting up the complaint that big business is the controlling factor in this country. The demand just now is large at headquarters in New York and Chicago. The legitimate expenses of the campaign must be borne. Urgent appeals are being sent to the various State committees all over the United States.

Will Wilmington and North Carolina embrace this OPPORTUNITY?

FIGHTING BEGINS IN BALKANS

Turkish and Servian Troops Engage In Battle—Casualties

London, Oct. 3.—Severe fighting between Turkish and Servian troops is reported to have occurred on the Southeastern frontier of Servia in a dispatch from Belgrade received by a news agency here. The Turks are said to have lost three killed and many wounded, while the Servian casualties are given as two killed and 18 wounded.

A detachment of 300 Turkish soldiers, according to the dispatch, crossed into Servian territory and in the neighborhood of the town of Vranya encountered a body of Servian infantry. An engagement ensued which lasted an hour.

Cettinje, Montenegro, Oct. 3.—An attachment of Turkish guards today attacked the Montenegrin guards on the border of the Berana district. The Montenegrins did not reply to the firing and the Turks then retired.

The order for a general mobilization in Montenegro has been received with the utmost enthusiasm throughout the country. King Nicholas and his ministers have received a number of telegrams urging them to begin hostilities immediately against Turkey.

TAFT LOSES IN CALIFORNIA.

Can't be Represented in Electoral College, Decision of Court.

San Francisco, Cal., Oct. 3.—President Taft will be without representation from California in the electoral college and not a vote for him can be cast in the State, unless it be written in following a decision by the State Supreme Court today under which electors pledged to him cannot appear on the November ballot as Republicans.

The issue was presented in the form of an application by attorneys for the Taft Republican organization seeking to have made permanent an alternative writ obtained some days ago, directing Frank C. Jordan, Secretary of State, to designate on the ballot as Republicans the Presidential electors named by the Taft adherents.

Attorney General Webb, for the Secretary of State, filed a general denial of the allegations and demurrer to the petition. He argued that the Republican party of California was not affiliated with the National party and was in no wise bound by the decisions of the Chicago convention; that the petition of the Taft men was supported by insufficient evidence and that the court lacked jurisdiction.

CARS ARE OPERATED.

Augusta Street Railway and Employes Can't Reach Agreement.

Augusta, Ga., Oct. 3.—With the local street railway company and its striking employes as far apart as they were at the beginning of the strike, nearly two weeks ago, cars were operated today in the main portion of the city. All the cars carry guards and in addition the lines are patrolled by mounted citizens, sworn in as guards by the sheriff.

According to leaders on both sides the strike has settled down to a test of endurance. Representatives of the company declare they will open up all trolley lines as fast as they can be taken care of, but it is said there is little likelihood of the interurban line to Aiken, S. C., being started for several days yet.

The military court today concluded taking testimony in the case of the two officers and 14 enlisted men, under charges in connection with the killing of three citizens during the trolley strike. The courts' finding will be made public through the Governor's office. The court will not adjourn until instructed as to the disposal of several minor cases pending.

SEVERAL KILLED IN WRECK

(Continued from Page One.)
bodies, two of them women.

The injured include:

Elliott Harrison, of Aiken, S. C., leg broken.

Mrs. O. L. Nade, of Indianapolis, Ind., severe injuries to body.

R. Price, of Warehouse Point, Conn., leg and arm broken.

James Brady, Albany, N. Y., shock.

E. D. Bridgette, of Wellesley, Mass., chest crushed and head injured.

The locomotive which was running at high speed, went over on its side after leaving the road-bed and the boiler, to all appearances, exploded. Engineer Clark was taken out alive, but died soon after. Joseph J. Moker, his fireman, was crushed to death. The baggage car and the four chair cars next following it were overturned and in these occurred the loss of life. The three day coaches, although derailed, remained upright. The wreck carried down the poles, carrying wires alongside the tracks and delay ensued before outside assistance could be secured.

The South Norwalk fire department was called out and began working on the burning cars and surgeons were summoned from nearby towns.

Meantime darkness had fallen and the work of rescue of the injured passengers was slow. The fire burned several hours in the wreckage.

The dead, except the engine crew, are all believed to have been passengers in the first chair cars. Fears are held that in this car many passengers lost their lives, as passengers who got out of the second chair car say that at the time they escaped flames were running over the sides of the first car.

Under the wreckage was found the bodies of two women who died with their hands clasped.

Of the injured it is believed the number will run to fifty.

FIGHTING BEGINS IN BALKANS

(Continued from Page One.)
they are to follow has not been divulged.

President Falieres, Premier Poincare and Zergius Sazonoff, the Russian foreign minister, conferred for some hours today. The entire situation brought about by the mobilization of the armies of Bulgaria, Servia, Greece and Montenegro, on the one side, and the Turkish concentration of troops on the other, was fully discussed.

The delicate condition created by the presence of nearly a million armed men face to face on the frontier lines is recognized here, and the government, in the same way as the other European powers, is considering the best means of preventing a conflict. It is hoped in all quarters that should hostilities break out they will be confined to the Balkan peninsula.

Draft of Ultimatum Received.

London, Oct. 3.—The draft of the collective note to be presented to Turkey by Bulgaria, Servia, Greece and Montenegro was received today by all the Balkan legations. The foreign offices of the various powers are to be made acquainted with its contents before its presentation to the Ottoman government.

The note demands an autonomy for Macedonia, Albania and Old Servia, which shall be at least equal to that enjoyed by Crete under the protecting powers.

Assembly Session Postponed.

Belgrade, Servia, Oct. 3.—The extraordinary session of the Skupshtina (National Assembly) which was to have been convened today has been postponed until Saturday. This will give the powers more time to exercise their influence in the direction of peace.

All the post and telegraph offices in Belgrade are in the hands of the militia.

Cologne, Germany, Oct. 3.—The Cologne Gazette hears that the three protective powers, Great Britain, France and Russia, are planning the re-occupation of Crete, fearing that Greece intends to adopt an aggressive policy with regard to this island. The fourth protective power, Italy, will not participate, owing to the Turko-Italian relations.

Grecian King With Powers.

Vienna, Austria, Oct. 3.—King George, of Greece, today had long audiences with the Italian, Russian and French ambassadors to Austria-Hungary.

Bulgarians Cross Turkish Frontier.

St. Petersburg, Oct. 3.—The Russian government has received information that Bulgarian troops are crossing the Turkish frontier tonight.

GA. TRAIN DERAILED.

Strikers Ditch Train and Drive Crew to Woods.

Augusta, Ga., Oct. 3.—A long distance telephone message from Thomasson says Georgia Railroad passenger train No. 28, Atlanta to Augusta, was derailed near Darien, Ga., and the entire crew with the exception of the engineer, driven into the woods. Shots were exchanged, but none was reported injured.

HADLEY FOR TAFT

Receives Assurances That Taft Would Support His Reforms

Jefferson City, Mo., Oct. 3.—Governor Herbert S. Hadley, at a Republican State rally here tonight, said he has received assurances that President Taft would support the reforms Hadley outlined September 29th in St. Louis, and declared he would support the Republican ticket.

T. R. INCOMPETENT, SAYS GOV. WILSON

(Continued from Page One.)
putting the finishing touches to its government.

"Almost all the best governed cities in the world," he continued, "are on the other side of the water. Almost all the worst governed cities in the world—in the civilized world—are in America, and the thing that is most taxing our political genius is making a decent finish where we made such a distinguished beginning."

The Governor referred briefly to factory and labor conditions.

"We must take the heartlessness out of industry," he said, "before we can put the heart in the men who are engaged in industry. The employer has got to feel that he is dealing with flesh and blood like his own, and with this fellow men, or else his employes will not be in sympathy with him and will not be in sympathy with the work. And a man who is not in sympathy with his work will not produce the things that are worth using.

"Just so soon as you make it a matter of confidence with your Legislature to see to it that human life is conserved where modern processes touch it, just so soon as you make it the duty of society to release the human spirit occasionally on playgrounds surrounded with beauty to give it, even in the cities, the touch of nature, and the freedom of the open sky, just so soon as you realize and have all society realize that play and enjoyment is part of the building up of the human spirit, and that the load must sometimes be lifted or else it will be a breaking load, then you will begin to see that your factories are doing better work."

The Governor's speech was received with great applause. Tonight the Presidential nominee was the central figure in an illuminated street parade. He addressed a big Democratic meeting at Washington Park baseball grounds. Tomorrow he will make several speeches through Indiana.

Wilson Pleased With N. Y. Ticket

Richmond, Ind., Oct. 3.—Governor Wilson today commended the nomination of Congressman Sulzer for Governor and Martin Glynn for Lieutenant Governor of New York, in the following statement issued from his train:

"The freedom of action and of choice which the convention exercised must afford every Democrat great satisfaction. In choosing a candidate it named a man whose reputation for integrity and independence is unquestionable, a man of high principles, devoted to the public interest. The ticket as a whole is of a kind to gratify progressive Democrats very deeply. Both candidates have already shown character and capacity in the service of the great State of New York."

The Governor also sent a telegram of congratulation to each of the nominees.

Improved Service Promised Despite Strike—Freight Situation Serious

Augusta, Ga., Oct. 3.—Operating trains both ways between this city and Atlanta today and with promises of improved service tomorrow, Georgia Railroad officials tonight declared they had the strike situation well in hand. It is stated that additional forces would be put to work tomorrow in place of the striking trainmen and passenger and mail trains will be moved nearly on schedule.

There was no violence reported today in connection with the resumption of traffic.

The freight situation, it is declared, is becoming serious. Cotton and fruit in great quantities are awaitng shipment and the latter will be greatly damaged if much longer delayed. Citizens of small towns along the road have requested the State Railroad Commission to intervene.

U. S. Commissioner of Labor Chas. P. Neill is expected to arrive here tomorrow to take up the question of mediation. It is stated that both sides have expressed their willingness to have the mediators undertake the settlement of their troubles.

TAFT VISITS FAIR.

Motors With Mrs. Taft to Brockton and Watches Races.

Beverly, Mass., Oct. 3.—President Taft enjoyed a visit to a real old fashioned fair today. With Mrs. Taft he motored 45 miles down through Boston to Brockton, and spent the afternoon watching the races, listening to the bands and admiring the open air shows and other attractions.

They were luncheon guests of the Brockton Commercial Club. When the Presidential party reached the Brockton Fair Grounds they were driven twice around the half mile track, while thousands of persons in the enclosure outside the fence and in the grand stand cheered and waved hats and handkerchiefs.

The President reached Parramatta shortly after 7 o'clock this evening.

While public officials announced tonight that James Bryce, the British ambassador, who has just returned to the United States from a long vocation trip abroad, has an appointment tomorrow to pay his respects to the President, he will not take up any diplomatic matters, it was said.

STEPHEN DOW ARRESTED.

Charged With Larceny of $146,764 From Mining Companies.

Boston, Mass., Oct. 3.—Stephen R. Dow, sole member of the closed brokerage firm of Stephen Dow & Company, was arrested today charged with the larceny of $146,764 from the Franklin and Algomah mining companies. After pleading not guilty he was held in default of $50,000 bail for a hearing October 17th.

Dow surrendered to the police after he heard that Assistant District Attorney Webber had obtained a warrant charging the larceny of $103,764 from the Franklin Company and $43,000 from the Algomah.
